Article 25. To see if the Town will authorize its Selectmen to transfer without money consideration all right, title and interest which the Town may have in and to a certain parcel of land 40 feet wide running northwesterly from the present High School land on Richwagen Hill, along Memorial Park and land now or formerly of Thorpe to Rosemary Street reserving, however, unto the Town the right to use said parcel for all purposes common to streets or ways, or pass any vote or votes relative thereto.

Article 26. To see if the Town will authorize and direct its Selectmen to purchase or take by eminent domain proceedings for a Municipal purpose, to wit, for a hospital, a certain parcel of land containing by estimation about 19 acres with the buildings thereon, said land being bounded generally as follows: northerly by land of Carter bordering on Hoover Road and by land of the Town of Needham, easterly by land of Carter bordering on Tower Avenue, southerly by land of Carter bordering on Lindbergh Avenue, and westerly by land now or formerly of Blades bordering Manning Street all as shown on a plan of Ryan's Hill on file with the Town Engineer, and appropriate the sum of twenty-five thousand dollars ($25,000) therefor, or pass any vote or votes relative thereto.

Article 27. To see if the Town will accept Hillcrest Road from Bird's Hill Avenue to Great Plain Avenue under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk, and raise and appropriate the sum of ten thousand dollars ($10,000) for said construction.

Article 28. To see if the Town will accept Coulton Park as a Town Way from Harris Avenue to the New York, New Haven & Hartford Railroad location under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk, and raise and appropriate the sum of eight thousand seven hundred forty-five dollars ($8,745) for said construction.

Article 29. To see if the Town will authorize and direct its Board of Park Commissioners to take by purchase or eminent domain proceedings for a Municipal purpose, to wit, for a public park, a certain parcel of land containing approximately 19,620 square feet, as shown and marked "Coulton Park" on a plan on file with the Norfolk County Registry of Deeds, plan book 70, plan 3360 and appropriate the sum of five dollars ($5.00) as damage awards therefor, or pass any vote or votes relative thereto.

Article 30. To see if the Town will raise and appropriate the sum of fifteen thousand dollars ($15,000) for the construction of Great Plain Avenue from the railroad bridge at Bird's Hill Station to the Dedham line as laid out by the Norfolk County Commissioners, provided the County of Norfolk and the Department of Public Works Division of Highways each allot the sum of fifteen thousand dollars ($15,000) for said construction, or take any action relative thereto.

Article 31. To see if the Town will appropriate the sum of five thousand dollars ($5,000) for the purpose of grading and building the approaches to the new fire and police station now being constructed on the Chestnut Street location and authorize the Fire and Police Station Building Committee to expend the same.

Article 32. To see if the Town will authorize the Selectmen to install two street lights on Oakhurst Circle, on petition of John R. Blake and others.

Article 33. To see if the Town will authorize its Selectmen to install three street lights on Grant Street Extension, on petition of H. L. Dodge.

Article 34. To see if the Town will authorize its Selectmen to install two street lights on Henderson Street, on petition of E. L. Wainwright and others.

Article 35. To see if the Town will authorize its Selectmen to install one street light on Holland Street, on petition of James Forsyth and others.

Article 36. To see if the Town will vote to instruct the Moderator to appoint a committee of five to report at the next Town Meeting on the advisability of increasing the membership of the Board of Selectmen to five, and to define their terms of office or pass any vote or votes relative thereto, upon petition of the Planning Board.

Article 37. To see if the Town will vote to accept and maintain the street lights already installed on Greendale Avenue, High Street, Tower Street, Lexington Avenue and Bennington Street, subject to the provisions of General Laws and the amendments thereto, or pass any vote or votes relative thereto on petition of William H. Carter.

Article 38. To see if the Town will vote to appoint a Committee who shall have full authority to investigate all matters pertaining to the water system of the Town, including sources of the present water supply and possible future sources; also the advisability and cost of entering the Metropolitan Water System; the Committee to report with any recommendations on or before the next annual meeting of the Town; and to appropriate such sum of money not exceeding fifteen hundred dollars ($1,500) as may seem necessary for the expense of such investigation; or pass any vote or votes regarding the water system of the Town as may seem advisable.

Article 39. To see if the Town will accept General Laws Chapter 40, Section 13, which relates to the establishment of a Municipal Buildings Insurance Fund, on petition of the Town Treasurer.

Article 40. To see what sum of money the Town will appropriate to pay such additional damages as may be ordered by the Norfolk County Commissioners for land taken by said Commissioners in 1930 for the relocation of South Street.

Article 41. To see if the Town will authorize its Selectmen to expend any unexpended balance of the appropriation for the South Street Bridge, over the Charles River to Dover, made under Article 11 of the warrant for the 1930 Annual Town Meeting, for the purpose of constructing a portion of South Street as laid out by the Norfolk County Commissioners, provided said Commissioners and the Department of Public Works each allot or expend therefor, an amount equal to said unexpended balance, or take any vote or votes relative thereto.

Article 42. To see if the Town will vote to adopt the following By-Law:
The tree warden shall not cut down or remove or grant a permit for the cutting down or removal of a public shade tree or trees if, at or before a public hearing as now required by State law, objection in writing is made to the tree warden, signed by twenty-five or more legal voters of the Town, and an article shall be placed in the warrant of the next Town Meeting to determine what action shall be taken regarding the cutting or removal of said tree or trees, on petition of J. Walter Schirmer and others.

Article 43. To see if the Town will authorize the Selectmen to install one street light on Fairfield Street on petition of Willard E. Doane and others.

Article 44. To see if the Town will authorize the Selectmen to install one street light on Miller Street, on petition of Edward L. Wainwright and others.

Article 45. To see what sum of money the Town will appropriate to pay a bill of George W. Southworth for advertising and printing the Town Building By-Laws.

Article 46. To see what sum of money the Town will appropriate for rent for temporary quarters for the Board of Health and for the expense of moving its equipment to such quarters.

Article 47. To see if the Town will accept as a Town Way, Fair Oaks Park (so-called) from Harris Avenue to Dedham Avenue, as laid out by the Selectmen and according to a plan on file with the Town Clerk and raise and appropriate the sum of eight hundred dollars ($800) for said construction.

Article 48. To see if the Town will vote to have the reports of its officers and the proceedings of this and subsequent Town Meetings printed and distributed, or pass any vote or votes relative thereto.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said Town at least seven days before said meeting, and to leave a copy at each of the several dwelling houses within said Town.

Hereof fail not and make due return of this warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid this twenty-fifth day of February, A. D., 1931.

SAMUEL D. LOW,
WM. P. BROWN,

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the Inhabitants of the Town of Needham qualified to vote in Town affairs to meet at the Town Hall in said Town on Monday, October 19, 1931, at thirty minutes past seven o'clock in the afternoon, then and there to act upon the following articles, viz.:

Article 1. To see if the Town will appropriate a sum not exceeding sixteen thousand dollars ($16,000) as an additional appropriation for equipping and furnishing the new fire and police station at the corner of School and Chestnut Streets, or to pass any vote or votes relative thereto, on petition of the Building Committee of the new fire and police station.

Article 2. To see if the Town will amend its Zoning By-Law by adding to Section 22, entitled "PERMISSION OF SELECTMEN REQUIRED," the following new paragraph:

In a single residence district or a general residence district loam shall not be taken from the surface of land and removed from premises for the purpose of sale or profit except in such quantities as will not unreasonably affect and impair the beauty of the Town and hinder its natural development or be detrimental to the neighborhood, having due regard to the characteristics of the particular district affected. No loam shall be taken and removed for the purpose of sale and profit as aforesaid unless with the permission of the Selectmen obtained in the manner provided in Section 23 and upon such terms and conditions as the Selectmen decide. A bond conditioned on the full performance of the terms and conditions upon which such permit is granted, in such sum and with such sureties as shall be satisfactory to the Selectmen may be required as a condition precedent to the granting of such permit. The provisions of this section shall be applicable to the operation of sand and gravel pits within a single or a general residence district; or take any action relative to modifying the Zoning By-Law restricting the taking and removal of loam from premises within a single or general residence district for the purpose of selling for profit and the operation of sand or gravel pits within such districts, on petition of the Planning Board.

Article 3. To see if the Town will amend its Zoning By-Law by adding to Section 26, entitled "ENFORCEMENT," the following new paragraph:

Whoever violates any provision of this By-Law shall be punished by a fine not exceeding twenty dollars ($20.00) for each offense; or take any action relative to imposing penalties for violation of the Zoning By-Law, on petition of the Planning Board.

Article 4. To see if the Town will appropriate a sum not exceeding fifty-one hundred dollars ($5,100) for transferring the necessary fire signalling apparatus from the old to the new fire station and making the necessary connections, or pass any vote or votes relative thereto, on petition of the Superintendent of Fire Alarm.

Article 5. To see if the Town will authorize the Selectmen to install two street lights on Morton Street, on petition of E. Ferguson.

Article 6. To see what action the Town will take relative to the unemployment situation in Needham, on petition of Leslie B. Cutler and others.

Article 7. To see what vote or votes the Town will pass relative to the widening of Chestnut Street from Needham Square to the site of the new fire and police station, on petition of David Murdoch and others.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said Town at least seven days before said meeting, and to leave a copy at each of the several dwelling houses within said Town.

Hereof fail not and make due return of this warrant with your doings thereon, unto our Town Clerk, on or before said day and hour.

Given under our hands at Needham aforesaid, this 7th day of October, A.D. 1931.

WM. P. BROWN,
PERCY E. WYE,
HAROLD B. CHURCH,
Selectmen of Needham.

Needham, October 12, 1931.

Norfolk, ss.

By virtue of this warrant, I have this day notified and warned the inhabitants of the Town of Needham to meet as within directed, by posting true and attested copies of this warrant in not less than twenty public places in said Town more than seven days before the time of holding said meeting and by leaving a copy at each of the several dwelling houses as within directed.

RUSSELL C. WILLIAMS,
Constable of Needham.

A true copy of warrant and officer's return.
Attest:

CLARENCE E. FOSS,
Town Clerk.

RECORD OF THE SPECIAL TOWN MEETING

Monday, October 19, 1931

Pursuant to the foregoing warrant the inhabitants of the Town of Needham, qualified to vote in Town affairs, met in the Town Hall in said Town on Monday, October 19, 1931, at 7.45 o'clock in the afternoon.

Samuel H. Wragg, Moderator, in the chair.

Charles M. Donahue, Henry S. Rodgers, A. W. Eldridge, Myra R. Kingsbury and Mabel E. Nason were appointed checkers by the Board of Selectmen and sworn to the faithful performance of their duties. Check lists were used and 66 women and 238 men were checked on the lists as being present, a total of 304 voters.

The warrant and return of the officer who served the same were read.

Proceeded to take up the articles under the warrant.

Article 1. To see if the Town will appropriate a sum not exceeding sixteen thousand dollars ($16,000) as an additional appropriation for equipping and furnishing the new fire and police station at the corner of School and Chestnut Streets, or to pass any vote or votes relative thereto, on petition of the Building Committee of the new fire and police station.

Voted, That the sum of fourteen thousand dollars ($14,000) be appropriated for equipping and furnishing the new Fire and Police station as follows:

General Equipment	$5,976 60
Fire Department Equipment	3,293 50
Police Department Equipment	4,729 90

Article 2. To see if the Town will amend its Zoning By-Law by adding to Section 22, entitled "PERMISSION OF SELECTMEN REQUIRED," the following new paragraph:

In a single residence district or a general residence district loam shall not be taken from the surface of land and removed from premises for the purpose of sale or profit except in such quantities as will not unreasonably affect and impair the beauty of the Town and hinder its natural development or be detrimental to the neighborhood, having due regard to the characteristics of the particular district affected. No loam shall be taken and removed for the purpose of sale and profit as aforesaid unless with the permission of the Selectmen obtained in the manner provided in Section 23 and upon such terms and conditions as the Selectmen decide. A bond conditioned on the full performance of the terms and conditions upon which such permit is granted, in such sum and with such sureties as shall be satisfactory to the Selectmen may be required as a condition precedent to the granting of such permit. The provisions of this section shall be applicable to the operation of sand and gravel pits within a single or a general residence district; or take any action relative to modifying the Zoning By-Law restricting the taking and removal of loam from premises within a single or general residence district for the purpose of selling for profit and the operation of sand or gravel pits within such districts, on petition of the Planning Board.

Voted, That Section 18 of the Zoning By-Law entitled "non-conforming uses" is amended by adding the following new paragraph:

The removal for sale, of sod, loam, sand, gravel or stone from single or general residence districts shall be deemed non-conforming uses of premises. Such uses shall be permitted only under special permission of the Selectmen, as provided in Sections 22 and 23, and under such conditions as the Selectmen shall impose.

The Selectmen shall grant no such permit as would in their judgment adversely affect the scheme of growth laid down in the Zoning By-Law or otherwise, or the economic status of the Town, or tend to impair the beauty of the Town or of the district most immediately affected. Conditions, deemed by the Selectmen as tending to protect the Town and the district, shall be imposed where needed and made a part of the permit.

Affirmative 156, Negative 20.

Article 3. To see if the Town will amend its Zoning By-Law by adding to Section 26, entitled "ENFORCEMENT," the following new paragraph:

Voted, That Section 26 of the Zoning By-Law entitled "ENFORCEMENT" is amended by adding the following new paragraph:

Whoever violates any provision of this By-Law shall be punished by a fine not exceeding twenty dollars ($20.00) for each offense.

Vote declared unanimous.

Article 4. To see if the Town will appropriate a sum not exceeding fifty-one hundred dollars ($5,100) for transferring the necessary fire signalling apparatus from the old to the new fire station and making the necessary connections, or pass any vote or votes relative thereto, on petition of the Superintendent of Fire Alarm.

Voted, That the sum of fifty-one hundred dollars ($5,100) be appropriated for transferring the necessary fire signalling apparatus from the old to the new fire station and for making the necessary connections.

Article 5. To see if the Town will authorize the Selectmen to install two street lights on Morton Street, on petition of E. Ferguson.

Voted, That the Selectmen be authorized to install lights on Morton Street, in accordance with their judgment and previous practice.

Article 6. To see what action the Town will take relative to the unemployment situation in Needham, on petition of Leslie B. Cutler and others.

Voted, That this article be referred to the Selectmen and the Finance Committee.

Article 7. To see what vote or votes the Town will pass relative to the widening of Chestnut Street from Needham Square to the site of the new fire and police station, on petition of David Murdoch and others.

Voted, That this article be dismissed. At 8.50 P.M. it was

Voted, That this meeting be now dissolved.

Attest: CLARENCE E. FOSS,
Town Clerk.

NOTICE

The attention of parents is called to the law relating to the registering of births. The present requirements are as follows:

Chap. 29, Sec. 6, of the Revised Laws. Parents within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Sec. 8. A parent . . . who neglects so to do for ten days after the time limited therefore, . . . shall forfeit not more than five dollars for each offense.

Attention of Physicians and Midwives is Called to Chapter 280, Sec. 1, Acts of 1912

Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians and midwives applying therefor, blanks for return of births as required by law.

NOTICE

Persons who intend to be joined in marriage in this Commonwealth shall, not less than five days before their marriage, cause notice of their intention to be entered in the office of the Clerk of Registrars of the city or town in which they respectively dwell, or if they do not dwell within the Commonwealth, in the office of the clerk or registrar of the city or town in which they propose to have the marriage solemnized.

Chapter 151, Section 29, Revised Laws

If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the city or town in which either of them lived at the time of their marriage, a certificate or declaration of their marriage, including the facts relative to marriage, which are required by law, and for neglect thereof shall forfeit ten dollars.

TOWN OF NEEDHAM

ANNUAL REPORT

OF THE

BOARD OF SELECTMEN

FOR THE YEAR 1931

NEWTON
GARDEN CITY PRESS, INC.
1932

REPORT OF BOARD OF SELECTMEN

To the Voters of the Town of Needham:

The following is submitted as the two hundred and twentieth Annual Report of the Board of Selectmen:

Organization

WILLIAM P. BROWN, *Chairman*
PERCY E. WYE, *Secretary*
HAROLD B. CHURCH

DOROTHY B. ELDRIDGE, *Clerk to the Board*

FRANCIS J. STANWOOD, *Agent*
Insurance, Distribution of State Aid, Military Aid and Soldiers' Relief

FREDERICK I. KINGSBURY, *Agent*
Care of Graves of Soldiers and Sailors of the U. S. Army and Navy

Town Hall and Grounds

At the annual March meeting of 1931, it was voted that the subject matter of Article 16, be referred to the Selectmen. Article 16 reads, "To see if the Town will appoint a committee to investigate the present or future needs of building an addition to the Town Hall."

The Selectmen feel that it is advisable to avoid the expense of any structural changes in the Town Hall, and would not recommend the building of any addition during the coming year. We shall, however, appoint the Planning Board a committee to give this subject considerable study, and make a report to the Town at the March meeting of 1933.

In April, the Board of Health Department was transferred to an office in the Needham National Bank Building, Great Plain Avenue. This arrangement provided sufficient space in the Town Hall for the general office of the Treasurer, and also a smaller room to be used by the Treasurer and the Planning Board.

The Police Department will move soon to the new station on Chestnut Street, and the vacated office will provide quarters for our Department of Public Welfare.

The Inspections Department is already installed in new quarters in the basement room.

An oil burning heating system has been put in operation in this building, and we shall follow up the program to keep the present heating and plumbing system in first-class condition.

Some painting has been done this year in the interior of the Town Hall, but a great deal more should be done during the year 1932. The walls of the lower hall especially should be painted.

In the upper hall the chairs should be repaired, equipped with new bumpers, and varnished. There are eight windows here that need reinforcing at the top with steel rods. A number of other things need to be done, including work on the upper trusses and repairs on the hall floor.

We are asking for $5,550 to cover the most important items. The 1931 appropriation was $7,000.

Soldiers' Charities

The general business depression with consequent unemployment is largely the reason for the increase of $2,800 in Soldier's Relief over last year, when the expenditures equalled $5,246.

Unemployment

In October the unemployment problem became so serious in Needham that the Selectmen appointed a Town Committee on unemployment consisting of fifteen members, to make a study of the situation and develop plans for creating work for the unemployed. It was then decided to put sixty men who were working five days a week in the Highway Department on the basis of four days a week. This arrangement provided jobs for fifteen more men without increasing the pay roll.

An Article referring to unemployment was inserted in the Warrant of the Special Town Meeting held October 19, 1931. This Article No. 6: "To see what action the Town will take relative to the unemployment situation in Needham" was referred by vote of the citizens to the Finance Committee and the Board of Selectmen.

The Highway Department and other departments were now carrying all the men on their payrolls that 1931 appropriations would allow. In December, however, it became imperative to plan a winter program of work for Needham's unemployed. At a preliminary conference with the Finance Committee, it was arranged that the Finance Committee and Selectmen would confer on December 29th with the executives of all Town departments who could possibly provide jobs. At this meeting it was voted that one hundred of the unemployed men be put to work on and around January 4th, 1932, in various Town departments, chiefly the Highway

department. It was also decided that each man should be allowed to work three eight-hour days per week and be paid $10.00 for this amount of labor. This program, if conditions do not improve, should be carried on until the annual Town Meeting next March. The weekly payrolls can be covered by Town appropriations for 1932.

By planning work in this manner on Town property and highways, needy citizens are given the opportunity by the Town to secure some assistance in this critical period; and the Town at the same time receives benefit from their labor.

Highways

1931 has been a notable year in Needham road construction. Streets were rebuilt having a total of 32,700 square yards of bituminous construction. The most important projects in this class included the rebuilding of Webster Street from Kingsbury Street to Harris Avenue; work on Nehoiden Street, Chestnut Street, Broad Meadow Road, and the construction of Greendale Avenue from High Street to Kendrick Street. Greendale Avenue will now afford a fine approach to the State circumferential highway when that road is completed.

The section of Great Plain Avenue from Harris Avenue to Dedham line built by contract under Chapter 90 has been completed. The Town will pay a total of one-third of the exact cost, approximately, $15,000. This construction has added another fine road to Needham highways.

The following streets were constructed under the Betterment Act: — Coulton Park, Hillcrest Road from Great Plain Avenue to Birds Hill Avenue, and the section of Fair Oaks Park between Harris and Dedham Avenues.

There is still considerable work to be done on Parish Street (which is the road adjacent to Needham Cemetery) connecting Rosemary Street and Central Avenue. It has been decided also to start work in January on the job of widening Forest Street, beginning near Central Avenue. This road is narrow and very dangerous at the present time. The travel way should be increased during 1932 to a width of thirty feet, as far as the Wellesley line.

Green Street in Needhamdale should be rebuilt from South Street to Great Plain Avenue. West Street, Needham Heights, should be repaired between Dale Street and the lower brook. We recommend that the grade be raised somewhat in this stretch and the street built out to its proper width.

Drainage

The drainage system of our Town has been extended where absolutely necessary by approximately two miles of

drains. The drain commenced at Bond's Corner and continued through to Sargent Street in 1930, was extended this year along Ellicott Street, Melrose Avenue, Page Road, Gibson Street, as far as Manning Street. This project has relieved this section of a very serious water condition.

The extension of the West Street drain southerly along Highland Avenue a short distance beyond Mellen Street, has improved the water condition in the section east of Highland Avenue. Important drains of ample size were also laid in Webster, Nehoiden and Chestnut Streets at the time these roads were rebuilt.

Sidewalks

There was little demand this year from property-owners for granolithic sidewalks. Consequently an unexpended balance of $6,300, remaining from the $7,500 appropriation, was returned to the Town Treasury. One important job, however, was completed before cold weather arrived. Granolithic sidewalks were laid, and curbing set, along the entire frontage of the new Fire and Police Station on both Chestnut and School Streets.

Bituminous surfaces were placed on several existing sidewalks which were badly in need of repair. Gravel sidewalks, to an extent of 15,500 linear feet, were built in various sections of the Town. The sidewalk constructed on the east side of Great Plain Avenue, from Broad Meadow Road to Mount Vernon Avenue, satisfied the need in this locality which had become more urgent after the new Harris School was opened.

Gravel sidewalks were also included in the streets built this year under the Betterment Act.

Engineering

The Engineering Department has been very active during 1931 in carrying out the technical work for various Town departments. One very important project, started this year, is the preparation of twelve drainage maps of the entire Town. When completed these maps will show all existing drains (also all proposed drains) together with a record of all manholes, catch basins and other valuable information.

This department has devoted as much time as available to the task of re-numbering the streets of the Town. Plans and schedules have been prepared for the numbering of Central Avenue, Birds Hill Avenue, Coulton Park, and others.

We believe that the Engineering Department can work efficiently in 1932 with a smaller appropriation. We are recommending $5,000.

Street Lighting

All lights have been installed that were approved at the Town meetings this year. Eight pedestal lights were installed on Chestnut Street (south of Great Plain Avenue) and School Street, which includes the business section and the new Fire-Police Station.

New Fire and Police Station

The Selectmen have noted with special interest the construction of the new Fire and Police Station under the direction of the Town Building Committee. It is expected that this beautiful building of colonial architecture will be complete in every detail the early part of the coming year, when it will be turned over to the Town.

We approved the widening of Chestnut Street five feet along the entire frontage of this Town property. This extra width of street will afford greater safety to all concerned when the fire apparatus is leaving the station. The proposed construction work at this point naturally linked up with the repair work urgently required on Chestnut Street from School Street to Great Plain Avenue. The economical plan was to make one job of it.

Arrangements were made to have the old car tracks removed from Chestnut Street. In their endeavor to get all wires placed underground on Chestnut Street between Great Plain Avenue and School Street, and have the unsightly poles removed, the Selectmen held several conferences with officials from the Edison and N. E. Telephone Companies. The cost of this proposed underground conduit was estimated around $20,000, and the Boston officials stated at the outset they could not favor the expenditure.

Members of the special Building Committee attended these meetings and gave valuable assistance in presenting the Town's viewpoint. The interested companies finally agreed generously to co-operate with Town officials in every way possible, and also agreed to erect the necessary pedestal lights on Chestnut and School Streets.

Chestnut Street was rebuilt later, and now presents a modern approach from Needham Square to the new Fire and Police Station.

Police Department

One new officer was added to the force in May, in accordance with the Town vote at the annual March Meeting. In November the loss of our esteemed friend, Sergeant John F. Gaughan, created a vacancy among the commanding officers. It is imperative now to appoint a sergeant in this department.

The Board recommends that a clerk as well as a matron be appointed when the Police Headquarters is transferred from the Town Hall to the new Fire-Police Station. Their combined salaries will be less than the salary paid to one officer. The clerk will handle the constantly increasing clerical details, which will release an officer for patrol service.

With this arrangement in effect, we believe it will not be urgent for at least a year to fill the position which will be made vacant by the promotion of an officer to the sergeantcy.

Law Department

The following cases have been tried during the year 1931:

1. Frederick J. Broadley, for damages for the taking, in 1928, of land on Beaufort Avenue for school purposes. The verdict was for $19,921.97, which included interest. The petitioner sought $33,000.

2. Katherine A. Greene, for damages for taking of land on Wilshire Park in 1928 for the street purposes and damages to her house as a result of the taking. The verdict of the jury was for $1,919.86, including interest. The petitioner sought $3,000.

3. Edith F. Lyman and Sarah E. Wales, for damages for taking of ten-foot easement for sewer purposes. The verdict was for the Town. No damages awarded. The petitioner sought $3,000. A motion for new trial is pending.

4. Patrick J. Glancy, Margaret G. Fox and Charles H. Cronin, Administrator, and the case of Charles H. Cronin, Administrator of the Estate of Mary E. Glancy, for damages for the taking of thirteen acres of land along Charles River for water purposes, in 1930. The verdict for the petitioners was $13,008, including interest from date of taking. Motions for new trial have been filed by the petitioners but have not yet been passed upon by the court. Petitioners sought $30,000.

A bill in equity was brought on behalf of the Town in the Supreme Judicial Court to enjoin the D V M Contracting Company, Inc., from stripping and removing for purposes of sale loam from the entire surface of a large tract of land on the Wellesley line. An injunction has been granted but the case has not been tried.

The suit brought against the Town in 1930 by Henry W. Shugg, et. al, which delayed the erection of traffic signal lights at the intersection of Great Plain Avenue and Webster Street, terminated last September. As a result of court order, the Selectmen were permitted to install the traffic signal lights, which are now in satisfactory operation.

The case of Katherine A. Greene for damages for taking of a ten-foot easement for sewer purposes is the only active

case pending at the present time. There are, however, several inactive cases which the petitioners or plaintiffs have failed to mark for trial.

In Memoriam

We mention with great sorrow the loss suffered this year by the inhabitants of Needham through the deaths of three highly respected Town Officers, Lloyd K. Allen, of the Finance Committee; George Twigg, Tree Warden; and Henry Thomas, Water Commissioner. We knew them personally, knew their fine integrity and devotion to duty. Citizens will not forget their high standards of public service.

In conclusion, we wish to extend our thanks to all Town departments and committees for their valued suggestions and co-operation. This year has brought new problems. Some still confront us. We are confident, however, that all our Town officers working together will solve these problems with benefit to Needham citizens.

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the following report of the Highway Department for the year 1931.

While some of our older streets need resurfacing, the streets throughout the Town generally are in good condition.

The car tracks were removed from Central Avenue, Webster Street and Chestnut Street this year. All street car tracks in the Town have now been removed.

Webster Street was rebuilt from Kingsbury Street to Harris Avenue. This section was a source of trouble each spring owing to the fact that the loam had never been removed. This was thoroughly dug out and bituminous construction built on a two-foot gravel base.

Chestnut Street was rebuilt from Great Plain Avenue to School Street. This was widened at the new Fire and Police Station. Granite curbing was set and granolithic sidewalks constructed on Chestnut and School Streets.

Nehoiden Street was rebuilt from Rosemary Street to Great Plain Avenue.

Greendale Avenue was built to a width of thirty feet from High Street to Kendrick Street, the ledge removed and a dangerous corner eliminated. This will connect with the new circumferential highway when that is completed.

Three streets were built under the Betterment Act: Hillcrest Road from Great Plain Avenue to Birds Hill Avenue, Coulton Park and a section of Fair Oaks Park. The construction and cost evidently meeting the approval of the abutters. Sidewalks have been built on every street constructed.

The appropriation for sidewalks should be increased and sidewalks constructed in the future should be of either cement or bituminous construction.

Great Plain Avenue from Harris Avenue to Dedham line was widened, curves made better and built by contract under Chapter 90. This road was badly in need of rebuilding.

A petition to build Dedham Avenue under the same Chapter was presented to the County authorities and the same was granted but was later refused by County Commissioners. This road is badly in need of widening and rebuilding from Webster Street to the Dedham line.

A detailed financial report of this Department will be found in the Auditor's Report.

Street Construction 1931 Bituminous Construction

Car tracks Central Avenue	1,450 sq. yds.
Car tracks Webster Street	3,246 sq. yds.
West Street water ditch	450 sq. yds.
Webster Street, Kingsbury Street to Great Plain Avenue	5,040 sq. yds.
Nehoiden Street	5,600 sq. yds.
Greendale Avenue	6,120 sq. yds.
Webster Street, Great Plain Avenue to Harris Avenue	2,200 sq. yds.
Broadmeadow Road, Grosvenor Road to Bird Street	5,500 sq. yds.
Chestnut Street	3,100 sq. yds.
Making a total of	32,706 sq. yds.

Streets Built Under the Betterment Act

Hillcrest Road	3,350 sq. yds.
Coulton Park	3,700 sq. yds.
Fair Oaks Park	1,045 sq. yds.

Street Surfacing and Maintenance

Howland Street was resurfaced with gravel and tar, and a

total of 37,374 gallons of tar and asphalt were used for maintenance.

Granolithic Sidewalks

Granolithic sidewalks were laid and curbing set at School and Chestnut Streets at the Fire and Police Station. Two small pieces of granolithic sidewalk were constructed on Webster Street. Granite curbing was set at the intersections of Otis and Webster Streets, Parkinson and Webster Streets and Powers and Webster Streets.

Gravel Sidewalks

Great Plain Avenue, Miller Rose Company to Curtis Road	650 linear feet
Webster Street	400 linear feet
Chapel Street	400 linear feet
Great Plain Avenue, Broadmeadow Road to Mount Vernon Avenue	1,985 linear feet
Greendale Avenue	500 linear feet
Fair Oaks Park	400 linear feet
Coulton Park	2,300 linear feet
Hillcrest Road	2,860 linear feet
Broadmeadow Road	6,000 linear feet

Bituminous surfaces were placed on existing sidewalks on Otis Street, Highland Avenue, Great Plain Avenue, Harris Avenue to Broadmeadow Road, and West Street.

Fences

Old wooden guard rail fences are gradually being replaced by wire. Some sections being replaced each year.

Signs

Signs have been kept in good condition, new ones being added as needed.

Drainage

The drainage problem of the Town which six years ago seemed so hopeless is rapidly nearing completion. An outlet pipe has been secured in nearly every drainage district of the Town with ample pipe capacity to take care of any extension in that particular district. During the past six years there has been over nine miles of street drainage installed.

Drains Laid During 1931

	Length	Size of Pipe	Catch Basins and Manholes
Ellicott Street	1,071 linear feet	18 in.	24
Grant Street	114 linear feet	24 in.	
Forest Street	183 linear feet	10 in.	3
Webster Street	1,604 linear feet	12 in.	10
Wilshire Park	357 linear feet	42 in.	6
Walnut Street	200 linear feet	8 in.	2
Nehoiden Street	475 linear feet	8 in.	7
Harris Avenue (White property)	175 linear feet	30 in.	
Coulton Park	350 linear feet	8 in.	5
West Street and Highland Avenue	643 linear feet	10, 15 in.	16
Webster Street and Howland Street	2,395 linear feet	12 in.	35
School Street and Chestnut Street	1,175 linear feet	12 in.	13
Howland Street Brook	75 linear feet	36 in.	1
Central Avenue	211 linear feet	10 in.	
Manning Street	71 linear feet	15 in.	
Gibson Street	584 linear feet	15 in.	
Page Road	152 linear feet	15 in.	
Melrose Avenue	460 linear feet	18 in.	
Making a total of	10,295 linear feet		

In October the unemployment situation was deemed so serious, it was decided to find work which would employ the maximum amount of labor with small outlay for material. Under this program Broadmeadow Road was widened and sidewalks built, Bird Street was dug out for its entire length and Parish Road was started and will be nearly completed this winter. It is also the intention to widen Forest Street from Central Avenue to the Wellesley line.

Recommendations

Parish Street should be completed both sidewalks and street.

Forest Street should be widened from Central Avenue to the Wellesley line.

Green Street should be built from South Street to Great Plain Avenue.

West Street from Dale Street to the brook should be widened and built.

I wish to extend my thanks to the heads of the Departments

who have so willingly co-operated with the Highway Department this year, also to the men of the Department and to your Honorable Board for your co-operation and support in making this a successful year.

Respectfully submitted,

JOHN OVERTON,
Superintendent of Streets.

REPORT OF THE POLICE DEPARTMENT

December 31, 1931.

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Police Department for the year ending December 31, 1931.

Only one new officer was added to the force this year, and a large part of his time is required for school duty at Bond's Corner, greatly reducing the accident hazard at this location.

The teletype installed in the early part of the year has proved a valuable asset in the recovery of stolen automobiles, locating missing persons and is a great aid to Police work in general. It enables the instant and reliable communication with other Police Departments in the State and this communication can be relayed to other nearby states.

In the early morning of November 28th, 1931, the Department suffered the loss of one of its loyal and true members, the late Sergeant John F. Gaughan, who passed away while on duty. The cause of his death was given by the Medical Examiner as Angina Pectoris, which was brought on by overexertion while assisting at a fire on Charles River Street. The untimely death of the late Sergeant Gaughan was keenly felt by the members of the Department as well as by the townspeople in general. By reason of the deeply regretted death of Sergeant Gaughan, the Department is short one man in a force already operating a minimum.

A number of breaks have been reported during the year. These for the most part proved to be the work of boys and young men, and in a number of instances the parties responsible for the breaks have been apprehended. One hold up, in which the victim lost a substantial sum was reported.

I recommend that one automobile and the two motorcycles be changed for new ones as has been an economical custom. I also recommend that provision be made for the appointment of a secretary. This, through the release of an officer from the constantly increasing clerical demands made upon the Department, would meet the need for better patrol service. Otherwise, this must be done through an additional officer.

Needham has been exceptionally fortunate this year in that it has had no fatal automobile accidents.

The following is the record of the court cases handled during the year.

Chief of Police.

REPORT OF THE SUPERINTENDENT OF FIRE ALARM

Needham, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — I respectfully submit my annual report as Superintendent of Fire Alarm of the Town of Needham.

The usual amount of work has been done in connection with the changing of wire locations made necessary by the requests of the Edison Illuminating Company and the New England Telephone and Telegraph Company.

Three miles of wire and 175 cross-arms has been used in places where needed, and in changing locations from top to middle position on poles on West Street, Webster Street between Dedham Avenue and R. R. Bridge, Garden Street and Great Plain Avenue, between Harris Avenue and Greendale Avenue.

The annual practice of discarding three old type boxes and replacing with three new ones of modern type, and also adding three new Peerless type alarm boxes to the system has been done.

Tests have been made of all fire alarm boxes and the general system kept up to standard. There has been approximately 1,300 hours labor put in on the Alarm System and at the present time is in good working condition.

The work of maintaining the department is done by the permanent men of the Fire Department, under the direction of the Chief. Mr. Leo C. Brady acts in the capacity of Assistant Superintendent, assisted by Mr. John A. Keith.

I wish to extend my thanks to the Selectmen and members of the Fire Department for their co-operation and assistance.

Respectfully submitted,

T. ROBERT QUINLAN,
Superintendent of Fire Alarm.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

Needham, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — I respectfully present the report of the Fire Department for the year ending December 31, 1931, the forty-sixth of the Department.

The Manual Force

The manual force of the Fire Department consists of forty-two men and one substitute, as follows: the permanent force, chief, two lieutenants, and twelve men; the call force, one deputy chief, four captains, three lieutenants and seventeen men, and one substitute.

On July 22nd, Warren M. Parker was appointed a permanent man, and on September 14th, Timothy Coughlin was made a substitute on the permanent force.

Apparatus

The department is equipped with five pieces of motor apparatus and one horse-drawn piece as follows: one American LaFrance ladder truck and one Maxim pumping engine at Station No. 1, one White combination hose and chemical, and one White combination pump, hose and chemical at Station No. 2, one chief's car, a Buick Coupe, and one horse-drawn combination hose and chemical wagon stationed at Charles River.

In May a new chief's car, the Buick Coupe mentioned above, was purchased, and the old chief's car, a Buick Touring model, was retained, and remodeled by the men of the department, with very little expense, and much ingenuity and diligence, into a very efficient forest fire piece of apparatus. This will save the expense of taking out the large pieces of apparatus to fight small grass and forest fires. It proves to be a valuable addition to our equipment from the viewpoint of economy and service as well as appearance.

During the year the White Combination hose and chemical received a new coat of paint, thus helping to add a few more years to its already fifteen years of service. Engine No. 1 has seen twelve years of performance, and both of these pieces are in as good mechanical condition as could be expected, in view of the length of time they have been in use.

Hose

An inventory of hose at the present time shows the following: 1,200 feet of $1\frac{1}{2}$ inch hose, 6,550 feet of $2\frac{1}{2}$ inch hose, 200 feet of 3 inch hose, and 650 feet of chemical hose.

During the month of October all hose was tested at a 200 pound pressure.

Hydrants

Through the winter months the Department has assisted in keeping the hydrants free from snow.

Fire Stations

With work on the new Fire-Police Building progressing, we expect to occupy our new quarters about the middle of January, 1932. This new building of beautiful Colonial architecture to conform to the design of the Town Hall, Library, High School and other public buildings, becomes a valuable unit in this collection of buildings serving our community, and is one of which our townspeople may well be proud. It was designed with the future growth of the town in view, and has adequate space to house the department for many years to come. Embodying, as it does, the newest and best ideas for a fire station layout, and police headquarters as well, it provides an opportunity for the Department to function with greater efficiency from every angle, thus giving to the Town greater value per dollar expended. I take this opportunity to thank the officers and people of the Town for their co-operation and generosity in making it possible.

In an effort to prolong the life of Station No. 2 at the Heights, extensive repairs have been made by the men of the Station with very little money expended. Most outstanding of these was the raising of the heater in the cellar a distance of about one foot, to remedy a condition that has existed since the station was built, that of a wet cellar in the spring. This station has recently received a new coat of paint, which will help materially in preserving the building, and also improve its appearance, during the interim, until such time arises, business conditions improving, when the citizens of Needham see fit to erect a new Station in this section. No one can question the need for one.

Fire Prevention

From the statistics given at the end of this report the conclusion may be drawn that gradually more attention is being given, in the home and elsewhere, to this ever important subject of Fire Prevention. This is very gratifying, in view of the fact that very little can be accomplished toward this end, without the co-operation of every citizen. It is hoped that this coming year even greater interest may be shown, and that our people may educate themselves by experience and observation in all of the numberless ways fire can be prevented by the exercise of a little care and thougthfulness.

During Fire Prevention Week in October, every school was visited, and test drills given the pupils, and the time consumed in vacating each building was recorded. Rigid inspections of the business districts were made during this week also.

The department has, as usual, co-operated with the Boy and Girl Scouts, and in response to their requests has given the former instructions in firemanship, taught the latter the proper method of sounding an alarm when brought by their Scout Leaders, and has stressed the need of general Fire Prevention to both groups.

Drills

The drills have been conducted as usual from May to September with local apparatus, in local places.

The firemen were regularly instructed in the use of the various appliances and equipment, including the inhalator.

Mutual Aid

Successful and beneficial operation of the mutual aid service with the Town of Wellesley and the City of Newton has been experienced during 1931.

The following is a report of the mutual aid responses for the year 1931:

Needham to Wellesley	6 calls
Wellesley to Needham	4 calls
Needham to Newton	1 call
Newton to Needham	7 calls

To the neighboring Town of Dover, not in the mutual aid agreement, we were glad to render aid as follows:

Needham to Dover	1 call

Fire Loss

The year 1931 shows a big decrease in the number of calls on the department, the total being 219 as against 306 in the preceding year. Correspondingly, the total loss on buildings and contents, $5,725.17 was much lower than for last year, that amount being in 1930, $12,640.88.

Recommendations

In order to maintain the highest standard of efficiency in fire-fighting, the men should be in constant practice and drill. In large city companies where the firemen are frequently answering alarms, this is not so necessary, as they are receiving practice while working. But in the smaller city companies and in towns where the alarms are not so frequent, the need for drill is very evident. Then there is the new man who also must be instructed how to be a fire-fighter. To accomplish this efficiently, it has been found that the drill tower is the

fundamental need. This could be built by the men of the department during their leisure time, at a reasonably low cost. I, therefore, recommend the appropriation of money covering the construction of such a tower in the rear of the new station.

I have omitted to ask, on account of the business depression, for any action on a new station to replace Station 2 at the Heights. It must be borne in mind, however, that this need is apparent, and that when conditions improve such a request must be made.

Summary for the Year 1931

The total number of alarms for the year was 219, of which 153 were bell alarms; 66 were still alarms. There were 8 out-of-town calls as follows: Wellesley, 6; Newton, 1; and Dover, 1. Three of the bell alarms were false, 5 were needless and 1 was a second alarm.

Three calls were made on the Department in emergencies other than fire, as follows: Child locked in bath room, 1; rescue cat from tree, 2.

The amount of hose used during the year was 8,900 feet; the number of gallons of chemical used was 171, and there were 941 feet of ladders raised in the extinguishing of fires.

There was a total of 199 fires, and these, exclusive of 18 chimney fires are classified as follows:

Frame Buildings	27
Automobiles	11
Dumps	11
Grass, Brush and Woods	121
Miscellaneous, including rubbish	12

Probable cause of fires, exclusive of 3 undetermined, are classified as follows:

Burning with permit	11
Burning without permit	14
Careless smoking	42
Careless use of fireworks	1
Children	7
Chimney (defective)	1
Chimney (sparks from)	4
Dumps (sparks from)	8
Electric wires (short circuit)	11
Incendiary	31
Electric plate	1
Incinerators (sparks from)	12
Locomotives (sparks from)	4
Oil burners (defective)	7
Overheated stove	3
Overheated smoke pipe	1
Range fuel oil burner	1
Miscellaneous	19

The amount of value, insurance, estimated loss by fire is as follows:

Value of buildings at risk	$174,756 00
Value of contents at risk	76,700 00
Total	$251,456 00
Insurance on buildings	$148,503 00
Insurance on contents	76,650 00

I wish at this time to thank the Selectmen and the various departments of the Town for their continued support and co-operation, and the men of the force for their loyalty to duty.

Respectfully submitted,

T. ROBERT QUINLAN,
Chief of Fire Department.

REPORT OF FOREST WARDEN

Needham, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit my annual report as Forest Warden.

During the year there were 1180 permits issued for the burning of grass, brush, and rubbish. There are still some cases, where people neglect to get permits and in which case, when the Fire Department is called are requested to reimburse the Town for the expense of extinguishing the fire.

In most towns, the spring months bring a veritable epidemic of grass fires. The fires are occasioned by the fall growth from which the winter snows have melted. This is very dry and will be ignited by almost any chance spark. Smoking is undoubtedly a major cause.

Whenever the above conditions exist, these fires are inevitable. Following a few days of no rain, so many grass fires occur that the Fire Department is continually answering the calls. This is very serious, as it weakens the town's fire

protection and unnecessarily wears out fire apparatus as well as increases street traffic hazards.

Residents requiring to build fires in the open must obtain permits at all times during the year except at such times when snow covers the ground. These permits may be obtained at Fire Department Headquarters, Needham, or at Station No. 2, Needham Heights.

The notices relative to securing a permit from the Forest Warden before setting a fire in the open were posted in numerous conspicuous places throughout the Town, and particularly in the outlying sections.

The following are the extracts from the Massachusetts Forestry Fire Laws:

Setting of Fires in the Open Air

Chapter 401, Acts of 1930. No person shall set, maintain or increase a fire in the open air at any time unless the ground is substantially covered with snow, except by written permission, covering a period not exceeding ten days from the date thereof, granted by the forest warden or chief of the fire department in cities and towns, or, in cities having such an official, the fire commissioner; provided, that debris from fields, gardens and orchards, and leaves and rubbish from yards, may be burned on ploughed fields by the owners thereof, their agents or lessees, if such fire is at least two hundred feet distant from any sprout or forest land and at least fifty feet distant from any building and is properly attended until extinguished; and provided, further, that persons above the age of eighteen may set or maintain a fire for a reasonable purpose upon sandy land, or upon salt marshes or sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal or other non-inflammable material. The forester may make rules and regulations relating to the granting and revocation of such permits binding throughout the Commonwealth. Such rules and regulations shall take effect subject to Section thirty-seven of Chapter thirty, when approved by the Governor and Council. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provisions of this Section and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both.

Respectfully submitted,

T. ROBERT QUINLAN,
Forest Warden.

REPORT OF PETROLEUM INSPECTOR

Needham, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith respectfully submit the report of Petroleum Inspector for the year ending December 31, 1931.

Permits issued for storage of fuel oil for use in Domestic oil burners	75
Permits issued for storage of oil for use in Range oil burners	220
Total permits issued for storage of fuel oil	295

Gallons of fuel oil stored for use in above oil burners, 33,254.

Respectfully submitted,

T. ROBERT QUINLAN,
Petroleum Inspector.

REPORT OF COMMITTEE IN CHARGE OF TOWN NURSERY

December 31, 1931.

To the Selectmen of Needham:

Gentlemen: — In common with other departments of the Town the Committee in charge of the Town Nursery has suffered a loss in the death of our esteemed co-worker George Twigg. The excellent condition of the Nursery today is due almost solely to his unfailing interest and enthusiasm. The Town will offer thanks to him for many years to come and the thousands of trees now standing there will remain as witness to his memory year after year as they take their places along our highways.

The work actually carried out in the Nursery this past year has consisted of the usual cultivation, pruning and transplanting required by such projects. During the latter part of the growing season and in the early fall a large amount of staking was done to straighten some of the stock which is approaching a size fit for use along the streets of this town. Trees so treated comprise about 400 elms averaging about 10 feet in height, 35 American linden about the same height, and 25 maples averaging about 8 feet tall.

The present Tree Warden feels that there are between 150 and 175 trees in the Nursery which will be used for street plantings during the spring or fall of the coming year.

During the past year 58 trees have been removed from the Nursery to the streets of the Town. In detail these are as follows:

15 Rock Maple	9 Oak
17 Red Maple	8 Elm
3 Norway Maple	6 Catalpa

These have been placed on the following streets: — Glendale Avenue, Harris Avenue, Melrose Avenue, Crescent Avenue, Stevens Road, Mayo Avenue, Bradford Street, Coulton Park, Great Plain Avenue, Webster Street, High Rock Street, Burnside Road, Maple Street and Oak Street.

The stock so used the past year represents a value of about $140 figured on the lowest wholesale prices. It will be noted that this year the Nursery has more than repaid its actual cost of operation on the above basis only. In addition to the actual cash value noted above, stock set from our Nursery directly into place along our streets is in much better condition than that shipped from an outside nursery and subjected to a certain amount of drying out in transit.

Respectfully submitted,
IRVING H. COWDREY,
ERNEST E. RILEY,
ALLAN D. McINTOSH.

REPORT OF THE SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the report of the Moth Department from September 10th (the date of my appointment) to December 31, 1931.

A general, though light, gipsy moth infestation is indicated in nearly all parts of the Town. For several years the gipsy moth has been kept from dangerous increase by parasites and disease. While this condition may continue indefinitely, a serious outbreak is always possible.

A general inspection and creosoting of egg clusters is now being carried on and all infested roadsides should be sprayed in the spring.

The female gipsy moth is unable to fly and is spread mostly while in the caterpillar stage by high winds and by dropping on passing vehicles. For this reason growth along the highways should receive special attention. In woodland infestations much can be accomplished by removing the favorite food plants of the moth. Oaks, especially white oak, gray birch

and willow are most subject to attack, while woods composed entirely of maple or pine are rarely injured.

The fall web worm was very abundant this year, and many webs were destroyed during the fall. While this insect does some damage it is never likely to become a serious pest. No browntail moth webs have been found.

Respectfully submitted,

E. E. RILEY,
Superintendent.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the report of the Tree Warden from September 10th to December 31, 1931.

With the welcome co-operation of the Street Department considerable brush cutting was done during the fall. About sixty young trees were taken from the nursery and planted in various parts of the Town during November. Some trimming was done, mostly the removal of large dead branches which were in such condition as to endanger passers-by during heavy winds or ice storms. There is still much trimming which should be done, both removal of dead wood, and low branches which interfere with the use of streets and sidewalks.

Many trees are in need of cavity treatment to check decay, which may eventually destroy them, but it is impossible to do more than the most necessary work with our present appropriation.

Respectfully submitted,

E. E. RILEY,
Tree Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

Needham, December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the annual report of Sealer of Weights and Measures Department.

One hundred and thirty-one annual inspections were made.

All weighing and measuring devices were tested and left in good condition as to accuracy.

I again thank the business men for their hearty co-operation by notifying me if in doubt as to the accuracy of any weighing machine or measuring device they may be using.

There have been no complaints or irregularities noted this year.

Received in fees and turned over to the Town Treasurer, $108.38.

Respectfully submitted,
WILLIAM H. STANTON,
Sealer of Weights and Measures.

REPORT OF DOG OFFICER

To the Board of Selectmen:

I herewith submit the following report for the year ending December 31, 1931.

Eight hundred and four dogs have been licensed showing an increase of one hundred and nineteen over the preceding year.

I have had a large number of complaints from residents, of dogs destroying gardens and shrubbery, and I do feel that the Townspeople could greatly assist if they would not allow their dogs to run at large and trespass on other people's property.

Very truly yours,
WILLIAM W. HEWETT,
Dog Officer.

REPORT OF THE BUILDING INSPECTOR

Needham, Mass., December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit my fifteenth annual report as Building Inspector and the nineteenth of this department.

The estimated cost of construction, a total for the year of $748,245, is shown by the monthly issue of permits as follows:

	No. Permits	Estimated Value
January	13	$50,925 00
February	6	108,450 00
March	24	79,575 00
April	34	92,400 00
May	19	31,750 00
June	14	34,520 00
July	18	47,650 00
August	15	32,525 00
September	22	102,600 00
October	19	50,500 00
November	28	86,650 00
December	12	30,700 00
Totals	224	$748,245 00

This is a decrease in the value of construction from 1930 of $195,545 and an increase in the number of permits issued of one.

The number of building permits issued from this office during the past year is 224, classified as follows:

	No. Permits	Estimated Value
Dwellings	76	$567,500 00
Garages	93	43,620 00
Additions and Alter.	43	33,075 00
Fire and Police Station	1	100,000 00
Miscellaneous	11	4,050 00
Totals	224	$748,245 00

During the year one permit was issued to remodel single dwelling to two family in a district zoned for that purpose; two single dwellings remodeled to two family as authorized by the Board of Selectmen; one addition to factory, authorized by the Board of Selectmen; one five-car garage, one three-car garage, and one public garage, authorized by Board of Selectmen and Planning Board.

The building comparison for the past fifteen years is shown by the following table of the yearly totals of estimated value of permits issued.

In 1917	$211,120 00
In 1918	102,485 00
In 1919	384,876 00
In 1920	332,825 00
In 1921	655,090 00
In 1922	716,620 00
In 1923	1,166,950 00
In 1924	1,376,100 00
In 1925	1,223,720 00
In 1926	980,865 00
In 1927	1,060,225 00
In 1928	1,205,795 00
In 1929	1,873,435 00
In 1930	945,790 00
In 1931	748,245 00
Total for 15 years	$12,984,141 00

The plumbing inspectors are appointed by the building inspector, who this year appointed Henry Thomas.

Mr. Thomas, on account of illness, which later resulted in his deeply regretted death, was unable to attend to the duties of the office, and Harold D. Toone, 191 Hillside Avenue, Needham Heights, was appointed deputy inspector to fill out the term.

J. F. Buckley, 109 Dedham Avenue, who has given years of continuous service, is serving the second year of the three-year term to which he was appointed last year.

Four cases have been brought before the Board of Appeal during the past year, and these have been settled to the satisfaction of the parties concerned.

The lodging houses of the town have been inspected and made to comply with the State regulations.

The amount collected for permits is as follows:

Building	$818 00
Cesspools	124 00
Plumbing	485 50
Gas	292 00
	$1,719 50

A final inspection is made on all buildings and when satisfactory to all the inspection department, a certificate for occupancy is issued by the building inspector.

All of the construction coming under the jurisdiction of this department has been carefully inspected and made to conform with the Town By-Laws. All permits issued under the jurisdiction of the Building Code must be taken out before work is started. See Article 1, Section 4, of the Building Code.

Penalties

Article XXI, Section 3

Whoever violates any provision of these By-Laws shall be punished by a fine of not more than one hundred dollars.

In conclusion I wish to express my appreciation of the co-operation given by the Board of Selectmen, the Planning Board and the builders, who try to comply with the building laws.

Respectfully submitted,

H. HOWARD UPHAM,
Building Inspector.

REPORT OF THE INSPECTOR OF WIRES

December 31, 1931.

To the Honorable Board of Selectmen:

Gentlemen: — Herewith is submitted the report of the Inspector of Wires for the year ended December 31, 1931, giving a monthly record of permits issued and the amounts paid over to the Town Treasurer.

Month	No. Permits	Paid Treasurer
January	32	$81 33
February	25	65 50
March	32	81 75
April	33	79 25
May	50	124 25
June	43	111 25
July	29	70 00
August	37	84 50
September	40	87 25
October	61	140 52
November	34	68 25
December	31	67 25
Brought forward from 1930		2 80
Total	447	$1,063 90

Despite the decrease in new construction of both business property and dwellings during 1931, the work of this division increased over that of the preceding year. In 1930, 419 permits were issued, while in the fiscal year of 1931, 447 permits were issued, an increase of 28. This increase of permits in the face of a temporary lessening of building indicates a growing use of electrical appliances of various sorts, and these uses call for additional inspections. The work of this division of the department is, of course, not confined merely to the issuing of permits but to the inspection of every installation. The 447 permits issued in 1931 entailed approximately 1,350 separate and necessary inspections.

Copies of the Rules and Regulations governing the installation of wiring and appliances may be had at the office of the Inspector of Wires in the basement of the Town Hall between the hours of 10 and 12 A.M. daily, except Saturdays.

A permit must be obtained before any wiring or other electrical work is started.

Respectfully submitted,

JOSEPH ALEXANDER,
Inspector of Wires.

Highway Department

Betterment Streets

Lines and grades were established, titles of abutting properties examined, plans, schedules and estimates were furnished for the levying of assessments under the Betterment Act due to the acceptance and construction of the following streets: —

Hillcrest Road	1,434 linear feet	3,200 square yards
Coulton Park	1,380 linear feet	3,700 square yards
Fair Oaks Park	371 linear feet	1,045 square yards

Granolithic Walks

Lines and grades were established, titles of abutting properties examined, plans and schedules were furnished for the levying of assessments under the Betterments Act due to the construction of 154 linear feet or 67 square yards of granolithic walks on Webster Street in front of No. 689 and No. 745 Webster Street.

Lines and grades were furnished for the construction of 330 linear feet or 220 square yards of granolithic walk on Chestnut and School Streets in front of the new fire and police stations. All of the above granolithic work was done by the Highway Department this year.

Lines and grades were furnished to the contractor for the construction of a granolithic walk on Harris Avenue in front of the residence of Clifford M. Locke. The entire expense of this granolithic work was paid by Mr. Locke.

Lines, grades and plans were given to the Highway Department for furnishing and setting 716 linear feet of granite curbing on the following streets:

Chestnut Street
School Street
Webster Street at corners of Otis Street
Webster Street at corners of Parkinson Street
Webster Street at corners of Powers Street
Harris Avenue at corners of Coolidge Avenue
Harris Avenue at corners of Prince Street

General Streets

Lines and grades were furnished the Highway Department for reconstruction work on the following streets: —

Webster Street	Broadmeadow Road
Greendale Avenue	Bird Street
Chestnut Street	Parish Road

Lines and grades were furnished for the construction of a gravel walk on the easterly side of Great Plain Avenue from Broadmeadow Road to Mount Vernon Avenue.

Drains

Further studies of the various drainage districts throughout the Town have been made this year.

Lines and grades were furnished to the Highway Department for installation of a total of 9,700 linear feet; for details as to lengths, sizes, etc., see report of the Superintendent of Highways.

A total of twelve drainage maps of the entire Town are being made which when completed will show all proposed and existing drains, together with a record of all manholes, catchbasins and other necessary information.

Sewer Department

Lines and grades were established for the construction of 6,439 linear feet of sewers. Surveys and plans were made and titles examined and papers drawn for the taking of easements through the following private ways:

Warren Street Extension	Thorpe Terrace Road
Laurel Drive	Grant Street

Surveys and plans were made and schedules submitted to the Sewerage Commissioners for levying assessments under the Betterment Act on all properties benefited by sewers constructed.

Seven additional Record Sewer Plans have been made this year, making a total of eighty street plans and two index plans on file in the custody of the Sewerage Commissioners.

Extensions have been made on three plans previously drawn. For details as to length, cost, etc., of all sewers constructed during the fiscal year, see report of the Superintendent of Sewers.

Assessors' Department

An accurate survey covering an area of about 1,175 acres has been made this year of the territory bounded by Great Plain Avenue, Nehoiden Street, Central Avenue, the Charles River at the Newton line and the Needham-Wellesley Town line. The results of this survey are shown on seven additional record plans, making a total of twelve plans on file in this office. These plans show boundary lines, dimensions, owners' names and areas of various parcels, streets and passageways, fences, walls, buildings, boundary monuments, brooks, and rights of way, etc. All survey lines are shown on these plans and may be reproduced in the field in the future when necessary, and may be used for co-ordinating the Town. All known state triangulation points, stone property bounds, Town bounds, iron pins and pipes are located on these survey lines.

From these plans a total of ten block plans will be submitted to the Assessors as a part of the block system, making a total of eighteen plans submitted by this department, on which information as to the owners, boundaries, buildings, type of land, etc., is shown.

It is the intention of this department to continue this work each year until the whole Town shall be covered. It is the purpose of this department that the large original plans on file in this office be kept up to date by making all changes each year of ownership and sub-divisions; also to keep up to date all block plans submitted to the Assessors. Such changes have been made on all plans this year.

The original plans on file in this office can be made applicable to various street plans, drainage and sewer plans, and other uses for which public plans are required. They are open to the inspection of everyone and careful scrutiny by land owners is invited.

Board of Survey

Lines and grades of streets have been passed upon before being submitted to the Board of Survey for final approval. Various studies have been made for proposed changes in street layouts. A hearing was called and a plan approved for the extension of Emerson Place.

Planning Board

Various preliminary plans have been checked and approved in connection with the work of this department. Hearings have been attended and proposed extensions of sub-divisions have been investigated and approved. The Town Zoning Map used by the Planning Board has been brought up to date.

Other Departments

School Department

Lines and grades were furnished to the contractor for the School Department due to the construction of 314 square yards of granolithic walk around the addition to the Stephen Palmer School.

At the request of the School Department the two-mile limit was established from the Senior High School easterly on Highland Avenue and northerly on Central Avenue.

A small amount of engineering assistance was rendered for the work of grading the soccer field at the Avery School.

Fire and Police Building Committee

Engineering assistance has been rendered to the architect, builder and committee in connection with the building of the new Fire and Police Station. Lines and grades were established and furnished for the construction of driveways and grading of the grounds around the new building.

General Engineering

Under this heading the Engineering Department lists all work which previous to the establishment of this department was financed from the unclassified account in which no appropriation for engineering work is now made available. The costs for such work are, therefore, not chargeable to any department but are financed wholly from the engineering appropriation for which an allowance has been made.

Proposed Streets

A certain portion of the engineering work has been done on the following streets proposed to be accepted and built under

the Betterment Act during 1932; all necessary plans, schedules and estimates have been prepared:

Hemlock Street	Mount Vernon Avenue
Manning Street Extension	Wachusett Road
Great Plain Avenue	Washington Avenue

A total of $368.90 which has been expended should be charged to those streets when constructed.

House Numbers

There are certain streets throughout the Town on which houses have not been properly numbered, and in some cases no numbers have been assigned. This department is endeavoring to rectify this condition in accordance with the amendment to Article 2, Section 8 of the Town By-Laws as voted by the Town, January 6, 1930. Many requests by abutters have been made for the assignment of numbers. This work occasionally requires considerable time both in the field and office in order to prepare a plan showing the required information. Therefore, only the most urgent cases are attended to and then only as requested by the property owners. As the surveys for the Assessors' block plan system are continued we are producing record plans on file in this office which are applicable to house numbering. However, plans and schedules have been prepared this year for the numbering of Central Avenue, Coulton Park and others. Notifications of these assignments have been mailed to the telephone and light companies, Post Office, Water Department, Tax Collector, Assessors, Town Clerk, as well as to the owners.

The following streets are receiving our attention throughout their entire lengths:

Manning Street Greendale Avenue
Washington Avenue

Plans of these streets are on file in this office on which houses will be located and numbers assigned in the near future.

Lines and Grades

Street lines and grades have been furnished property owners when requested, on such streets not well defined, for the purpose of establishing grades of walks and driveways.

Street Layouts

Plans have been made of the following streets for the purpose of establishing or reproducing the boundaries:

Broadmeadow Road Bird Street Webster Street

Town Map

The work of preparing an accurate map of the Town was continued this year, as time would permit. The co-ordinates and latitude and longitude of many points throughout the Town have been determined. This map is now quite complete having the lengths in linear feet, and location of all accepted streets accurately plotted; and all private streets and others open to the public use are shown. A tabulation which will show all lengths, widths, date and type of construction, costs, etc., is being prepared, which, when completed, will show all information concerning all streets throughout the Town.

Miscellaneous

Stone bounds were set at all angle points and at the beginning and end of curves on all streets accepted this year, and also on the west side of Parish Road. There is still a great need for stone bounds to be set in the Town, on streets the boundaries of which have long been lost or never determined. The department has, when working in the vicinity of such places, reproduced many of these boundaries and kept an accurate record of same.

I take this opportunity to thank all department assistants for the careful execution of their duties; also all other departmental heads who have so generously rendered their support in an effort to make this year's work successful.

Very respectfully,

LESTER C. HOLLIS,

Member, Boston Society of Civil Engineers.

REPORT OF THE PARK COMMISSIONERS FOR THE YEAR 1931

To the Honorable Board of Selectmen:

The Park Commissioners respectfully submit their annual report. During 1931, Thorpe Memorial, Vesta, Noyes, Fair Oaks and Harris Avenue Parks, Needham Heights Common, the Bathing Reservation and minor plots located at Hurd's Corner, Central Avenue and Reservoir Street have come under our jurisdiction.

For the maintenance and improvement of these public properties we have expended the sum of $4,197.00 as follows:

Upkeep and improvement of parks	$3,934 50
Equipment and repairs	71 50
Bathhouse supervision	180 00
Water	11 00
	$4,197 00

As the Town appropriated in 1931 the sum of $4,200.00, the work of the Department has been carried on so as to leave a balance of $3.00.

The usual use of the Bathing reservation occurred as in former years.

Recommendations for 1932: The Commission will have the usual upkeep of parks and reservations and in addition is desirous of carrying out all or at least part of the tree planting along Harris Avenue Park as recommended in the 1930 report, but which it was found impossible to do under the appropriation because of the large amount of loaming and reseeding necessitated by the drought of the previous summer.

During 1930, the easterly portion of the bathhouse reservation was cleared of dead trees, brush, brambles and rubbish. During the early part of this winter the Commission complied with the request of the Town Committee on unemployment and has been providing work for several men, by having them clean up and improve the westerly portion of the reservation. This work is now practically completed at a cost of approximately $350.00, which amount is included in the appropriation asked at the end of this report. The improvement in the appearance of the reservation is great and its availability for use strikingly increased.

Article 15 of the Warrant for the annual Town meeting held Monday, March 9, 1931, read as follows:

> "To see if the Town will appoint a committee to investigate the feasibility of establishing a swimming pool and also of establishing and maintaining an ice skating rink during the winter months, and report its findings not later than the 1932 annual Town Meeting, or pass any vote or votes relative thereto."

The subject matter of this article was referred to the Park Department. After serious consideration, this Commission recommends that the matter be held in abeyance until such time as the Town can better afford to expend the considerable amount which would be necessary.

Therefore, having in mind the need of economy, the Commissioners ask for same appropriation as in 1931 and now recommend that the Town set aside for the use of the Park Commission the sum of $4,200.00.

Respectfully submitted,

PRESTON MITCHELL, *Chairman*,
FREDERICK KINGSBURY, *Secretary*,
I. TUCKER BURR, Jr.

REPORT OF MEMORIAL PARK TRUSTEES FOR 1931

The Trustees of Memorial Park have carried forward their program of construction and maintenance in a similar manner to that of last year.

The portion of the park bordering on Rosemary Street was graded and seeded down in the spring and the parking space was enlarged considerably. The Park as viewed from Rosemary Street now presents a finished project right through to the southern boundary of the Park.

During the year a regulation Baseball Backstop was erected and a two-inch water main with four outlets was installed so that practically all of the playing fields may be watered if necessary. Another large portion of the playing field and part of the lawn bordering on Highland Avenue was graded and seeded early in the spring and before summer presented a beautiful appearance. A walk was built extending from the end of Pickering Street to the Memorial Boulder which was set in place this year. This walk is used by many persons daily.

The general upkeep of the Park has again been under the supervision of Patrick Hughes and in spite of greatly increased duties caused by the enlargement of the finished sections of the Park, Mr. Hughes has proven his worth to the Town by keeping the grounds in such excellent condition.

The large flower bed on Highland Avenue has been a spot of color all season from the time that the fine display of tulips first blossomed. This flower bed has been taken care of and maintained by Paul E. Richwagen and Sons.

The Athletic fields, track and other sporting facilities of the Park have been constantly used and the value of such a project to the Town is inestimable.

The Memorial Park Trustees wish to thank all of the other Town Departments with which it has had any contact for their co-operation and willingness to be of assistance when called upon.

REPORT OF THE TRUSTEES OF THE GLOVER MEMORIAL HOSPITAL

To the Honorable Board of Selectmen:

The Trustees of the Glover Memorial Hospital respectfully submit their report for 1931.

The hospital has continued to render valuable service to many this past year and much suffering has been alleviated. Our institution has been a haven of refuge for those who have been unfortunate enough to require emergency treatment through accident or otherwise.

Its homey atmosphere is always apparent to those who are in our care, through kind and sympathetic attention.

Our whole personnel is imbued with the spirit of helpful service and all who have availed themselves of it have cheerfully been given tender and solicitous treatment.

We are still handicapped for lack of room and at times it is impossible to accommodate some who apply for service.

We realize that economic conditions probably do not warrant furnishing better hospital facilities at present, but earnestly hope these may be provided at not too distant a date.

With the co-operation of our faithful assistants we will do our very best to "carry on" in the assurance the townspeople will in due time find it possible to build a new edifice more in keeping with the needs of the community.

Respectfully submitted,

JAMES M. McCRACKEN, *President*,
MARGARET O. CHASE, *Secretary*,

SUPERINTENDENT'S REPORT

To the Board of Trustees of the Glover Memorial Hospital and the Citizens of the Town of Needham:

The following is a brief report of the work carried on at the Glover Memorial Hospital for the year ending December 31, 1931:

Number of patients admitted	368
Average stay in the hospital	9 days
Number of patients, male	161
Number of patients, female	207
Number of medical patients	26

Number of surgical patients	169
Number of maternity cases	64
Number of births	64
Number of outpatients treated in Hospital	62
Surgical operations, major	92
Surgical operations, minor	77
Deaths	8
Number of patients in Hospital, December 31, 1931	9

Donation Day in November was indeed one for which the Hospital is most grateful. At this time, when depression and lack of supplies seem to be expressed by so many, it is most gratifying to state that the day proved a most bounteous one, all kinds of food supplies having been donated.

In behalf of the hospital, I wish to extend thanks to the Ladies' Aid for the sewing and mending they have done throughout the year.

Respectfully submitted,

B. J. YOUNG, R.N.,
Superintendent.

REPORT OF THE PLANNING BOARD

Needham, Mass., December 31, 1931.

To the Inhabitants of the Town of Needham:

The Planning Board has been in regular session on Tuesday evenings to hear all persons desiring to discuss with the Board any plan or suggestion in which the Board might be interested and also for the purpose of holding hearings on various questions relating to the Zoning By-Laws. During the past year the Board has heard more than the usual number of cases, hearings or conferences having been held on over forty different matters. Important conferences have also been held with the various Inspectors of the Town in regard to the administration of the Zoning By-Laws as they related to the several departments under the Zoning By-Laws.

The Planning Board has considered and submitted for action at Town Meetings several matters which have been favorably acted upon. The Zoning By-Laws and the Zoning Map have been revised up to date and are now available in the revised form. It was necessary to reprint the above because of the number of changes, including the Article voted by the Town at the last Town Meeting, to zone land as well as buildings.

Under Article 16 in the Town Warrant for the Town Meeting of March 16, 1931, the Board of Selectmen appointed

the Planning Board to act as a committee to investigate and report on the matter of present and future needs for building an addition to the Town Hall and to report on same at the regular Town Meeting in March, 1933.

The Planning Board has enjoyed the full co-operation of all the officials and departments of the Town and it looks forward to the coming year with the expectation of greater accomplishments.

ARTHUR G. CURREN, *Chairman,*
GEORGE A. YOUNG, *Secretary,*
ARTHUR W. ROHN,
ERNEST B. ALLEN,

REPORT OF THE BOARD OF HEALTH

To the Citizens of Needham:

With the close of 1931 the Board of Health completed its fifth year since its organization in 1927 as a separate Board. Mr. G. Donald Buckner was again appointed Health Officer and Milk Inspector and he continued to give skilled and efficient service in these important positions. The Board was glad to allow Mr. Buckner to attend the Annual Meeting of the American Public Health Association held in September. He is a member of the Association and went at his own expense. He made many valuable contacts and brought back much interesting information to the Board with regard to modern public health practise and procedures.

In May, when the Treasurer's office was established in the Town Hall, the Board of Health moved from the Hall to its spacious new office in the National Bank Building, Room 10A, 975 Great Plain Avenue.

The supervision of the collection of garbage and the care of the Town dump is under the Board of Health. The Town land on Central Avenue where the dump is maintained is filling up rapidly and a rubbish incinerator should be built in the near future.

In November the Board carried on its program for the protection of Needham children against diphtheria. The thanks of the Board are again extended to Miss Minor and the physicians who helped with the immunization clinics and made the work possible. Thanks are also due the members of the Visiting Nurse Association and the Public Health Committee of the New Century Club who assisted at the clinics. It is hoped that interest in this important work will grow and the preventive value be appreciated, as only a small minority of

the children of Needham are now protected against diphtheria, in spite of all that the Board does to encourage parents to either attend the clinics, or have their own physician immunize the children.

The Town was fortunate in having only one case of infantile paralysis and this was happily a mild case, with no paralysis resulting. The most sincere thanks are due the persons who responded to the request from the State Department of Public Health for blood to be given by those persons who had recovered from infantile paralysis, the blood to be used as a convalescent serum in combating this dread disease.

It is a well known fact in Public Health that the Infant Mortality Rate is the most sensitive index of good or bad conditions. The rate for Massachusetts in 1929 (the last available) was 62. It is with pleasure, therefore, that the Board calls attention to the rate for Needham for 1930, which is 36. Much of the credit for this low rate belongs to Miss Minor and the splendid work she does with the Baby Clinics, conducted by the Red Cross, in the Library. Miss Minor helps the Board not only indirectly with the Baby Clinics, but also with the diphtheria clinics and the tuberculosis work done by the Board. The value of her assistance is simply incalculable and citizens of the Town should realize that, through the never failing co-operation of the Visiting Nurse Association, this service to the Board is made possible. In view of the fact that the services of Miss Minor have been increased by the additional work of two Life Insurance companies, it seems as if the time had arrived when a part-time nurse should be employed by the Board of Health in order that a larger program of preventive work could be carried out and a tuberculosis clinic established.

The Needham Health League, which is active in promoting health in the Town, held a meeting and invited Mr. C. A. Moody, Superintendent of the Arlington schools, to speak on the splendid dental hygiene work carried on in the Arlington schools. The dentists of Needham have shown considerable interest in the idea proposed by the Board of Health that a dental hygienist be employed in our schools and have assured the Board of their co-operation in any way possible.

Another interesting meeting was held by the Health League in December and Dr. Paul Wakefield, of the State Department of Public Health and Director of the Chadwick Clinics, spoke. The Clinics are a part of the ten-year tuberculosis program of the State Department. At the joint request of the Board of Health and the School Committee of any town or city, the Clinics will be conducted in the schools. The examination in the schools is left entirely to the consent of the parents of each child. There is no expense whatever to the town, except mailing circulars supplied by the State Department. The

Clinics have been successfully carried out in all but about 40 of the cities and towns of the State, and the Board of Health is most anxious to have the Clinics held in our Schools and hopes for the co-operation of the School Committee in bringing them to Needham. It should be pointed out that Needham is actually contributing, through the State Tax, to the support of these Clinics and as yet has received no benefit from them.

The tuberculosis condition in Needham has long been unsatisfactory to the Board of Health, but all that could be accomplished with the small appropriation allowed has been done. In 1931 there were seven deaths from pulmonary tuberculosis, three of which were cases reported this same year. This should not happen, and there must soon be established a clinic that will carry on the important preventive work.

In the Health Officer's report submitted with this, there is an account of the examinations at the Norfolk County Hospital of a few children who are "contacts," or who come from homes where there is or has been tuberculosis. It will be noted that only 2 of the 9 children examined were found to have negative reports, but fortunately the childhood type of tuberculosis which was found can be cured far more easily than the pulmonary type.

The Board of Health has kept its appropriation at a minimum this year, realizing that every effort must be made to keep down the tax-rate. Therefore, none of the recommendations made in last year's report have been included in the budget for this year. However, the Board calls attention to the fact that in 1926 $5,471.49 was expended for its work, and that only $68.50 more is in the appropriation for 1932, and that this year $684 must be expended for rent and electricity in the new office. The people of Needham must support a larger appropriation for the health work of the Town in the very near future, or the safety and health of the inhabitants, and particularly the children, will not be properly safeguarded.

The following recommendations are made this year, the only new one being the first:

1. That the Chadwick Clinics be held in the Schools.

2. That the Board employ a dental hygienist for the Schools.

3. That the Board establish a definite tuberculosis program with clinical service and a part-time nurse.

Respectfully submitted,

LESLIE B. CUTLER, *Chairman*,
ROBERT N. McCLELLAN, *Secretary*,
DAVID E. MANN, M.D.,
Board of Health.

REPORT OF THE HEALTH OFFICER
1931

To the Board of Health of Needham:

I have the pleasure to submit the following report for the year 1931.

General Administration and Vital Statistics

The expenditures of the Board of Health, including the expense of hospitalization, $2,387.21, amounted to $5,300.55, or about 47 cents per capita. These expenditures are itemized in the report of the Town Accountant and are therefore not repeated here. The licenses shown in Table I are issued by the Board and constitute a source of revenue to the Town.

TABLE I — LICENSES AND FEES — BOARD OF HEALTH, 1931

Number Issued	License for	Fee	Amount Received
33	Alcohol, sale of	$1 00	$33 00
17	Manicure and massage	1 00	17 00
68	Milk; stores and dealers	50	34 00
10	Oleomargine	50	5 00
5	Pasteurizing plants	10 00	50 00
4	Undertakers	1 00	4 00
137	Total licenses issued	Total fees received	$143 00

Tables II and III show the birth and death rates for recent years. The population is estimated as of July 1 for each year. In computing birth and death rates the figures are corrected by deducting stillbirths and non-residents; the rates given represent the number of births or deaths of residents which occurred for every 1,000 persons. The infant mortality rate is the number of deaths of infants under one year of age per every 1,000 live births in a year. The birth rate of 1925, 19.3, has not since been exceeded; the death rate in 1925 of 8.2 was also the lowest in recent years.

TABLE II — POPULATION AND CORRECTED DEATH RATES

Year	Mid-Year Population	Total Deaths	Deaths of Non-Residents	Still-births	Deaths of Residents	Death Rate
1925	9,069	88	10	4	74	8.2

1930	184	14	166	15.2	6	36.

Communicable Disease Control

Fewer cases of communicable diseases were reported in 1931 than in 1930. The actual number of cases reported is shown in Table IV. There occurred seven deaths from pulmonary tuberculosis, one death from encephalitis lethargica, one death from lobar pneumonia, and one death from influenzal pneumonia. There were twenty cases of scarlet fever, two of which were hospitalized, and but one case of diphtheria. Needham had but one case of infantile paralysis; this occurred in a boy who was hospitalized promptly and recovered without any paralysis.

In the spring as part of the tuberculosis program, with the co-operation of the Visiting Nurse, nine contact children were taken to the Norfolk County Hospital in South Braintree and a complete examination, including an X-Ray, was made. The results of these examinations were reported to the family physicians. Subsequently two of these children were reported as having the childhood type of tuberculosis and were kept under the supervision of their physician. Another was sent to the Westfield State Sanatorium where she remained for five months. Negative findings were made in two cases; the four remaining children were suspicious cases. Three children spent the summer at the Health Camp conducted by the Norfolk County Hospital. Their expenses were borne by the Needham Branch of the Norfolk County Health Association, from money obtained by the sale of Christmas Seals.

Five new cases of adult pulmonary tuberculosis were reported, and seven deaths occurred from pulmonary tuberculosis of which three were new cases reported in 1931. Six cases of pulmonary tuberculosis were hospitalized at the Norfolk County Hospital.

Diphtheria Immunization

In November clinics were held in the Town Hall for the immunization of Needham children against diphtheria and the testing of those previously immunized. This was the third successive year that these clinics have been held.

In order to learn whether the children who had received toxin-antitoxin at previous clinics were completely protected against diphtheria a testing clinic was held on November 10. At that time the Schick test was given to 93 children, the majority of whom had been inoculated in 1930. On Friday, November 13, when the tests were read, it was found that 87 children, or 93.5% of the number tested, were protected against diphtheria.

In the immunization campaign which followed the effort was made to protect as many of the children under ten, particularly those of pre-school age, as possible because over 80% of the deaths from diphtheria are in children under ten. Over 500 letters were mailed to parents of pre-school children. The protective doses of toxin-antitoxin were given at the clinics on Monday afternoons, November 16, 23, and 30. One hundred five children completed the three inoculations and of these 72 children or 68.6%, were under five years of age.

As in the two preceding years the physicians at the clinics (Doctors Christophe, Gilbert, and Mann) kindly volunteered

their services. Through the courtesy of the Visiting Nurse Association, Miss Minor, the Visiting Nurse, was at all the clinics and ably assisted the physicians. Valuable assistance was also given by members of the Public Health Committee of the New Century Club and the Visiting Nurse Association.

Sanitation

Food-handling establishments were inspected throughout the year. Inspections of the local dairies and milk-processing plants in and around Needham were also made. Twenty-one dealers were licensed to sell milk in Needham in 1931. Four establishments for the pasteurization of milk located in Needham had their licenses renewed in 1931 and one new plant was licensed. One licensee later sold his business and discontinued pasteurization. Similar pasteurizing plants are located in adjoining towns.

Over 38 complaints were received and investigated by the health officer. The greatest single group of complaints concerned overflowing cesspools. The dumping of rubbish on vacant property by unauthorized persons was also a source of complaint. The Town dump on Central Avenue near the stone crusher was maintained throughout the year. Forty-eight licenses for rubbish disposal were issued.

Laboratory

The laboratory continued to render diagnostic service to the physicians, and also to make frequent analysis of water and milk. In 1931, 189 examinations of specimens submitted by physicians were made as compared with a total of 206 in 1930 and 163 in 1929.

TABLE VII — DIAGNOSTIC SERVICE, 1931

Examinations	Positive	Negative	Totals
Diphtheria	7	52	59
Gonorrhea	20	55	75
Tuberculosis	3	31	34
Vincent's angina	8	8	16
Other specimens	1	4	5
Totals	39	150	189

The analyses of the milk sold in Needham include the determination of the amount of bacteria present, the per cent of butterfat and total solids, and the presence of visible dirt. These analyses, taken in conjunction with the fact that the larger concerns selling milk in Needham are also under the supervision of neighboring communities, showed that the milk supply continued to be of good quality.

People are invited to visit the office and laboratory and discuss any phase of the work.

Respectfully submitted,

G. DONALD BUCKNER,
Health Officer.

REPORT OF SEWERAGE COMMISSIONERS

Needham, Mass., December 31, 1931.

To the Citizens of Needham:

We respectfully submit the fifth annual report of the Needham Sewerage Commission for the year ending December 31, 1931.

A report showing work accomplished during this period, together with a statistical record will be found in our Superintendent's report attached hereto.

During the past year we spent $18,494.68 on the construction of common sewers. The greater part of this work was undertaken following the receipt of petitions by abutters. An exception to this was the construction of a sewer in Harris Avenue from Washington Avenue to Stevens Road within the parkway. This sewer will eventually serve Prince Street, Coolidge Avenue, Eaton Road and Pinewood Road and a section of Coulton Park. It will permit the construction of a sewer in Eaton Road in advance of paving and enable Pinewood Road to be served as required in the near future.

The construction of sewers during the past year has been somewhat curtailed over previous years in accord with the decreased demand for sewers as evidenced by petitions. There is no material construction so far petitioned for upon which to lay out 1932 work. The Commissioners do not feel justified in constructing common sewers and placing a burden of sewer assessments upon abutters unless petitions are presented, or where we believe sewers are required because of sanitary conditions. Construction of sewers will be curtailed during the coming year unless a number of petitions are presented.

The department has received requests for sewerage service from the district which will eventually be served by a pumping station in Rosemary Brook Valley. A study will be made during 1932 of the requirements of this district including the preparation of construction plans.

The final payment on the entrance fee into the South Metropolitan Sewerage District, amounting to $11,103.37 was paid by the Town in 1931.

The cost of engineering, plans, assessments, tools, equipment, auto and compressor are included in the above charges.

Conclusion

Although the department adopted a conservative policy for sewerage extensions during the past year, more than two miles of pipe were laid; 6,439 feet of which were street sewers and 4,306 feet of house connections. All sewers in streets petitioned for by the abutters have been completed.

The Marked Tree Road sewer was completed thereby permitting the installation of the sewer in Fairview Road. Assessments amounting to $4,286.65 have been levied on that portion of the Marked Tree Road sewer which was constructed during 1930.

The Harris Avenue sewer was constructed this year to allow for possible future extensions in the district to the north between Washington Avenue and Stevens Road.

Construction commenced April 6th, with a force of 18 men and continued with an average force of 15 men until the completion of the Harris Avenue sewer on December 24th.

This is the first year that assessments have been levied on all abutting properties; in previous years intercepting sewers have necessarily been constructed through private lands and unused streets for which assessments are not levied until such time as the streets are opened to use by the public and abutting lands made available for building purposes.

A total assessment of $22,997.45 was levied this year; $4,286.65 being credited to 1930 construction and the balance amounting to $18,710.80 being credited to 1931 construction, which cost amounted to $18,494.68.

The contract for furnishing and delivering vitrified clay pipe was awarded to Waldo Brothers Company, the lowest bidder.

The resurfacing of all trenches has been continued by the Highway Department as usual at a low cost to this department. The regular maintenance work of cleaning and flushing

all sewers has been accomplished as in the past years for the purpose of preventing any general accumulation of sewage.

Acknowledgments

In closing this report the Superintendent most heartily thanks the other department heads who have so readily rendered their assistance and co-operation, and all those who in any way associated with him in an effort to make this year's work successful.

Very respectfully,
LESTER C. HOLLIS,
Superintendent.

REPORT OF THE DEPARTMENT OF PUBLIC WELFARE

December 31, 1931.

To the Citizens of the Town of Needham:

We respectfully submit the eighteenth annual report of this department.

The past year has been the hardest and most expensive the Town has ever known for this Department. This, of course, is due to the unemployment situation throughout the country.

You will notice that our gross expenditures from the regular appropriation were $39,360.29, while we asked for an appropriation of only $30,000. The expenditures from the deficiency appropriation were $1,326.51 and the reimbursements received by the Town were $3,956.64 so that the net expenditures were $36,730.16.

The number of families aided were 136 which means caring for about 500 persons. There are eighteen persons receiving aid under the Old Age Assistance Act, and twelve worthy mothers and their families receiving aid under the Mother's Aid Law. We are carrying out the plan which we started in July, 1930, by which any able-bodied man receiving aid reimburses the Town in labor for the amount of aid rendered. This is being done throughout the State and Country.

Our Department and the Town are indebted to the Needham Branch of the Red Cross for employing a welfare visitor for five months, from March until August. The services of a visitor were found so valuable that we have continued in our employ Mrs. Eleanor Wing who was chosen by the Red Cross.

We are extremely sorry to lose our faithful and efficient Secretary and Agent, Mr. Francis J. Stanwood, who, on account of business, has been forced to resign. Mr. Stanwood was employed by the different Boards of Selectmen for many years as their Agent before our Department became a separate Board, and has continued his services ever since.

We are indebted to many in the Town for their co-operation during the past year and particularly to the Board of Selectmen who have helped in every way and have allowed us to hold our meetings in their office so that we can interview our unfortunate friends without interruption.

Respectfully submitted,

EVAN C. THORPE,
A. T. BAKER,
CATHERINE F. TAPPAN,

(4) Based upon 10,000 population.

NOTE: Average cost per inhabitant for year 1922 as shown above is 94c. This seeming reduction over previous years is accounted for in the fact that the reimbursements in 1922 were for aid rendered in year 1921 and prior. In order to judge the average cost per inhabitant, we suggest that 1921 and 1922 be averaged which show a cost of $1.42 for years 1921 and 1922. The low cost for the year 1926, namely, 57c, is due to reimbursements received during 1926 for aid rendered in prior years.

1930 cost per inhabitant has increased considerably due to the severe business depression.

REPORT OF THE TRUSTEES OF THE NEEDHAM FREE PUBLIC LIBRARY FOR 1931

The fact that seventy-seven thousand five hundred and thirty-six (77,536) books have been taken by readers from the Library and its deposit stations in 1931, besides a large, but unknown, number that have been read on the premises, is evidence of the place that the Library has in the life of the community. This circulation is above the average of other rapidly growing towns with the population that Needham has.

We expect that the Librarian in her report will refer to some of the activities and enterprises of our Library during the past year. The Librarian continues to devote much time to meeting groups of children in the Town Schools, to introducing them to the Library and helping them to make a good use of it, and her efforts seem successful.

With only two assistants on full time at the main Library there are many days when they are certainly busy, and we think the public appreciates what the Librarian and the Staff have accomplished.

Since the lamented death of Miss Mary E. Glancy on April 27, 1931, the branch library in the Harris School has been chiefly conducted by the Librarian or by one of the assistants from the central Library. Miss Glancy was devoted to her life work, and during twenty-two years did not spare herself to make the branch Library of value to her pupils and to the older people who used it.

For the third time in four years the Trustees of the Library have lost by death a colleague for whom they had a strong personal attachment, and who was serving the Library with ability and devotion.

In their Resolutions on the death of Mrs. Benjamin D. May, whose maiden name was Edith Azuba Chickering, the Trustees have tried to express the great loss which the community and the Library has sustained in her going from us.

For nearly thirteen years as a Trustee she was always interested and active in everything that concerned the Library, and even when her health had failed still gave it efficient and important service.

Respectfully submitted for the Trustees,

GEORGE K. CLARKE, *Chairman.*

NEEDHAM FREE PUBLIC LIBRARY
LIBRARIAN'S REPORT

To the Board of Selectmen:

Gentlemen: — I have the honor to present my annual report for the year 1931. It was an unusual year in the business world and in the economic world, and those unusual conditions were very naturally reflected in the Library world. The most obvious mark of abnormal conditions is the abrupt jump in book circulation of seventeen percent. Our circulation figures have been on an upward trend since the founding of the Library in 1888, but the 1931 increase to a total of 72,849 in comparison with 62,126 in 1930 is noteworthy. It seems to denote that reading is to some measure being substituted for more expensive pleasures, and that people are doing more studying and reading to better fit themselves for the positions they now hold, or in order to find others.

The Library has had books at the Harris School since 1909, due to the interest and influence of Miss Mary E. Glancy. Miss Glancy took charge of the books personally and gave them out to the children of the school and the adults of the vicinity. She continued this practice when the new Harris School was erected and opened in 1930. Shortly after her sudden and much lamented death in the spring of 1931, it was decided that the Librarians should take over the work of giving out the books. The books at the Harris School are now available for children and adults on Tuesday afternoons from three to four, the books in charge of a Librarian. The Library pays grateful tribute to Miss Glancy's interest in and support of Library work in the community she served for so many years.

A number of exhibits were shown in the Library during the year. In April a collection of objects from Mexico were shown, including toy pigs. These were loaned by the publishers, Alfred A. Knopf, Inc., in connection with the book published by them, "The Painted Pig," by Mrs. Dwight Morrow. Following this, a collection of American Indian objects, borrowed from the Children's Museum of Boston were shown. In May, art work done in the public schools was displayed — that of the High School students first, followed by the grade school work. During Book Week, in November, the Library was most generously lent the corner window of the T. J. Crossman store, and arranged an exhibit of new children's books of the fall.

Library work and co-operation with the public schools continued as usual. In addition to the regular book deposits at the Harris, Eliot and Riverside Schools, various smaller groups of books were loaned to teachers for classroom use for short periods of time.

On January 27, a talk on good books for boys and girls was arranged and given by Mrs. John Blackledge of the Bookshop for Boys and Girls of Boston. The speaker was introduced by Mrs. Ruth Berry, her college classmate, of the Library Staff. In March, the Stamp Club of the William Carter School met in the Library lecture hall to hear Mr. Frederick Markee of Needham, a well-known collector, talk on stamps. The Librarian addressed the Needham Teachers' Club on April 27th, and suggested various ways in which the schools and the Library might co-operate to their mutual advantage.

In the last two years the Library has been able to offer its juvenile readers profit and pleasure by way of story hours. In the spring of 1931 a new venture was undertaken. From February to May Mrs. Nelson Talmadge and the Librarian visited every grade school in Town and spoke and told stories in all grades two through six. In carrying out this project eight schools were visited: The Harris, Stephen Palmer, Eliot, Dwight, William Carter, Riverside, Avery and Sixth Grade.

Sponsored by the Junior High School Library and the Public Library, Mr. John Cronan gave a fine series of story hours at the Junior High School, beginning in Book Week. There were also Christmas stories by Miss Olive Read of the Library Staff and Mrs. Talmadge at the Library. The purpose of story hours is to acquaint the children with good literature for children and to inspire more reading by the individual.

The Librarian and Staff have attended a number of professional meetings of the Charles River Library Club, the Massachusetts Library Club, the Boston Roundtable of Children's Librarians, and the American Library Association.

Repairs were undertaken during the year in order to keep the building in good condition. A new section of much needed shelving was installed in the Children's Room. All the floors on the main floor were refinished. The basement stack room received a coat of paint on walls, floor and ceiling.

Just after Christmas the Librarian spoke to the Friendly Society of the Congregational Church on new children's books. The Library lent the Girl Scout Camp, Wind-in-the-Pines, conducted by Mrs. Charles Moseley and patronized by many Needham girls, a collection of books for the summer season. Camp Malcolm on Rosemary Lake was also lent books on outdoor activities and nature study.

There were no resignations from the Staff. Miss Lois Eichler joined the assistants in the early summer for part-time work. The Staff has put forth added efforts to meet the demands of increased work in a cheerful manner.

No report of the year 1931 could be ended without mention of Mrs. Edith C. May, whose last year it was on the

Board of Trustees. The Librarian feels a great personal loss in her passing. She owes much to Mrs. May in the way of support and encouragement, and is glad to acknowledge her debt.

REPORT OF THE COMMITTEE TO INVESTIGATE THE ENTIRE SYSTEM OF TOWN GOVERNMENT

To the Voters of the Town of Needham:

At the Annual Town Meeting of March, 1931, the moderator appointed G. Waldo Crawley, Robert B. Hill, James M. McCracken, Winthrop M. Quinlan and Winthrop M. Southworth as a committee of five citizens, authorized by your vote under Article 36, "to report as to the advisability of increasing the membership of the Board of Selectmen to five, and to define their terms of office and also to investigate the entire system of Town Government and report on or before the next Annual Town Meeting."

Your committee has met frequently. Following discussions among its own members, your committee held a series of meetings to which it invited all living past selectmen of the Town; the present Board; the Finance Committee; the Planning Board and officials from other Towns in which various modified forms of town government are in operation. In addition to this, individual members of your Committee have conferred with representative citizens of such towns and also of the Town of Needham, reporting their findings to the whole Committee. As the result of its studies, your Committee recommends:

(1) That the Board of Selectmen be constituted a Board of Public Works;

(2) That the membership of the Board of Selectmen be increased to five and that the term of office be three years; that in 1933, one member be elected for one year, two members for two years, and two for three years, and that thereafter, as terms expire, members be elected for three years:

(3) That the Town adopt the Limited Town Meeting;

(4) That the Annual Business Meeting of the Town precede the Annual Election of Town Officers.

Your Committee suggests that in order that all may have sufficient time for thought and that no precipitate action be taken, the voters consider the advisability of discussing this report at the Annual Meeting of March, 1932, and of voting upon it by ballot, at the State Election in November, 1932.

The two bills which are a part of this report have been approved as to form and legality by the proper counsel and, if the voters act upon them favorably, will not require further ratification after being passed by the Legislature, and the new form of government will become effective in March, 1933.

Board of Public Works

In recommending a Board of Public Works, your Committee wishes to emphasize very strongly that its recommendations are not in any sense criticisms of the present Town Boards. They are made because, and only because, your Committee believes that the Town of Needham should follow the methods of all large commercial organizations, of the state, of cities and the more advanced towns, and centralize its departments rather than continue them as scattered and independent units.

It is apparent to everyone that Needham must economize if the Town's tax rate is to be one which present residents can afford to pay and one which will attract new residents. It is equally apparent, in view of Needham's debt ratio to its valuation, that to remain solvent, material savings must be made. Your Committee believes that the greatest single saving can be made by the centralization of what may be termed the Town's labor departments. It has carefully investigated centralization under a Town Manager, but both because of its lack of success elsewhere and because your Committee does not believe in such great power being vested in one individual, it does not recommend a Town Manager. It does, however, recommend that the Selectmen, in addition to performing all duties now imposed by law upon Selectmen, be constituted a Board of Public Works replacing the present Water Department, the Highway Surveyors, the Board of Survey, the Sewer Department, the Engineering Department, the Park Department and the Tree Warden's Department; that the boards now in control of these departments be discontinued, and that the Selectmen appoint a Superintendent of Public Works (specially fitted for the position by education, training and experience), answerable directly to the Selectmen. Some towns have included in their Public Works Department the Board of Health, Public Welfare Department and Police and Fire Departments. Your committee believes that these boards, all having to do with public protection in one form or another, should continue as they now are, since they have few duties in common, while the general nature of the work performed by the boards proposed to be under one head, is much the same. By the consolidation of the boards named, your Committee believes that the departments can be operated at a great saving to the Town, due both to purchasing in larger quantities by buying for all departments at the same time and by much less duplication of labor and equipment. The Committee believes that through the ability to quickly transfer labor and equipment from one department to another, emergencies can be met more quickly and the delays in regular work, now inevitable, practically can be eliminated. Furthermore, engineering for the laying

out of streets, for water and for sewer can, in many cases, all be done at the same time and plans showing all conditions will be filed in one place for preservation.

It will mean centralized, instead of scattered effort. Needham departments are today co-operating to a very pleasing extent, but this very co-operation entails great delay, since various boards, meeting at various times must be consulted and must be given time to arrange — or re-arrange — their programs.

With a Public Works Department and a Superintendent reporting directly to the Selectmen for approval of his plans, co-operation of all departments would become automatic and a comprehensive program of projects for a period of years could be readily arranged. Such a program has been an outstanding feature in the water department and it should be one of the principal features of all departments. For years, Needham has spent money from year to year often regardless of the projects which would be necessities the next year or the year after. This has meant that the Town's tax rates have averaged higher than they needed to, because savings have not been made in anticipation of unusual expenses. It would, of course, still be necessary to have superintendents to carry on the same kind of work as is now done by the Superintendents of the Street, Water and Sewer Departments. The only change, so far as the individual superintendent is concerned, would be that he would report to one head instead of to a board.

Membership of Board of Selectmen

In recommending a Board of five Selectmen, the Committee has been influenced by several considerations. There will be some additional work imposed upon the Selectmen by making them a Board of Public Works, although not as much as will seem at first, since the Superintendent of Public Works will take over details of all branches of work. With a Board of five, Brookline has found that work can be so sub-divided (in a way similar to that of the Needham Finance Committee) as to enable its Selectmen to clean up each week's work with one afternoon meeting a week. Your Committee believes that this would be the result in Needham and that, under these conditions, more men than now, who are qualified for the position, would consider being candidates, since even with the added duties, the time which each member would have to give would be less than it is now. Your Committee also believes that the judgment of five men is, generally speaking, better than that of three; that the tendency would be toward securing representation for more parts of the Town and for representation upon the Board by technical men, interested in and thoroughly familiar with the different departments included

in the consolidation; that there would be less danger of the same majority being in power from year to year and that elections would be less influenced by politics.

Term of Office

In recommending the three-year, staggered term, your Committee believes that while the one-year term has proved satisfactory for Selectmen acting only as Selectmen, it is not practical for a Board of Selectmen which is also a Board of Public Works. All the Boards which it is proposed to consolidate, have been three-year boards; were they to be continued, they would still be three-year boards; your Committee believes that for this reason alone, the term of the Board carrying on the work of the discontinued Boards, should be three years. Furthermore, a Board of Public Works will plan a general program for several years ahead; it would be extremely unwise to permit the possibility of a complete change in any one year of the make-up of a board of such importance, and so endanger the continuity of the program. With the staggered, three-year term, there will always be three of the five members who are thoroughly acquainted with existing conditions. Your Committee also believes that the three-year term will tend to encourage the candidacy of those men who are sincerely interested in the best interests of Needham and who would consider serving the Town if they knew that they would not be displaced at the end of a year purely through politics. Your Committee believes that, in the long run, the voters may be depended upon to elect those best fitted for the position and that the chances of having five members at once who are not qualified — or even of having a majority of such members — is extremely remote. Your Committee seriously doubts if the present three-year boards could function successfully on a one-year term.

Limited Town Meeting

For a number of years, Needham Town Meetings have been becoming less and less representative; only a small percentage of the comparatively small number present, vote on anything like a majority of the articles in the warrant; the vote on appropriations is particularly light, and yet the tax rate depends entirely upon the amount of money the Town spends. A dozen voters often decide upon the largest appropriations. The best interests of the Town demand that its acts be determined by votes which represent the best judgment of the whole Town.

Your Committee believes that Needham should continue as a Town; it believes that the New England Town Meeting is the ideal form of government, but it also believes that the conditions of today must be met by a corresponding change in

its Town Meeting. Your Committee believes that while the Town Meeting should be continued, it should be in a modified form. The system has received thorough trial in other towns and has proved to be successful.

That conditions have changed very materially in Needham, may be illustrated by a consideration of the present method of appropriating money. A comparatively few years ago, all appropriations were moved on the floor at Town Meeting; they were discussed to the last fifty dollars and the discussion often was entered into by half the voters—and "voters" then meant the big majority of voters. The vote was always a large one. Today, departments present their budgets to the Finance Committee. To the Finance Committee, the Town has delegated the investigation that the voters formerly made at Town Meeting. It is seldom that the recommendations of the Finance Committee are debated; it is still less seldom that they are not adopted. And the vote adopting them is a very small one. Today, the average number actually voting at Town Meeting, is unquestionably smaller than the proposed number of Town Meeting members, so, in point of fact, in the Representative Town Meeting, at least as large a number would transact the Town's business and the vote would have to be representative of all parts of the Town.

Today, the voters have willingly and with confidence left to the Finance Committee the responsibility of deciding the reasonableness of the financial program of the various departments. This same attitude is evident toward almost all other matters. Voters are willing to leave to the Town's officials the job of furnishing them with the kind of Town in which they want to live. Attendance at Town Meeting is haphazard and perfunctory and depends largely upon how much excitement there is likely to be.

Needham, in this respect, is not peculiar. Today, five years is, for many, a long time to live in one Town; business demands a more frequent change of residence than it used to; fewer are employed in the Town in which they live. Towns have become places to live, rather than places which are home. Residents have an interest in their Town, but not in the personal way of years ago. They have their opinions as to how a town should be run, but, as in the matter of appropriations, they are willing to delegate the actual running to others. Left to itself, the annual election vote would be smaller than it now is. Hundreds of voters attend the polls because someone calls for them. Needham has reached that size, when a great many voters know neither by sight nor name, the candidates for whom they vote — and so, as most of us do in the case of state or national elections, they depend upon the information given to them by others in whom they have confidence, in deciding for whom to vote. The situation is the same at Town

Meeting. Voters — some of them — attend, but they leave the voting to those whom they think understand the questions which are being voted upon.

There were on December 22, 1931, 4,542 names on the voting list. An attendance at even an Annual Town Meeting of 600 voters is a large one; on the majority of questions, not half of these vote. Instances of a very large group of voters leaving the hall after a particular article has been disposed of, are far too frequent. Often a particular article is taken up out of order, that those who have come to Town Meeting to vote only for it, may hold up their hands and go home. Their interest in other business is negligible. This condition is not fair to the Town of Needham; the Town of Needham does not secure a vote representative of all its sections or of all its voters. By the reconsideration of articles toward the close of the meeting when many voters have left, appropriations are not infrequently made which have been refused earlier in the evening — and the tax rate again increased. Town Meeting Members will be present throughout the whole session.

Taking all this into consideration, your Committee believes that the interests of the Town of Needham will be best served, that the vote will be really a representative one and that the voters themselves will be more certain of having their desires expressed, by modifying the present Town Meeting system. In towns where a similar system is in effect, your Committee is informed that the attendance of voting members at Town Meetings is nearly 100 per cent and that discussion is general. Since the Representative Town Meeting will be open to all voters of the Town, and since all voters may speak upon any article in the warrant, each citizen has the same opportunity as now to express his views. Your Committee desires to emphasize this point particularly: that while only Town Meeting Members may vote, any voter may attend the Town Meeting and may speak.

The voter is further protected by a referendum provision. No action taken by the Representative Town Meeting becomes operative for five days, exclusive of Sundays and holidays. If, during those five days, a petition, signed by 250 voters to submit to referendum, is filed, the vote of the Repesentative Town Meeting remains inoperative until all voters have voted upon the question at issue by ballot.

The division of the Town into districts will insure that the entire Town is represented by Voting Members who know the sentiment of their own districts; a three-year term will insure the familiarity of the Voting Members with the Town's business and the election of a third of the members each year will be the guarantee to the district that their representatives do not become automatoms. It will not be a hardship for any

one who desires to be a candidate for Town Meeting Member, since only ten names will be required on nomination papers.

Although the Town Meeting Members from a certain district will be elected only by the voters in that district, your Committee does not recommend, for the present at least, voting by precincts, believing that at some later time this will take care of itself.

Business Meetings and Elections

At the present time, the annual election of Town Officers precedes the Annual Business Meeting. Your Committee believes that the business meeting should precede the election. It believes that the best interests of the Town require that the voters should have the oppportunity of inquiring into the Acts of Town Officers; of knowing the reasons for policies and expenditures for the preceding year; the arguments of the various officers for their recommendations for the current year and their general program, before election rather than after. At present, if officers are not re-elected, it is difficult for the voters to secure a full explanation of many of the articles in the warrant; the defeated officers naturally have a less interest in advocating measures which they will have no part in carrying out; the newly elected officers are not familiar with the proposals of others or with the reasons for making them. The voters are obliged to take some action, but the action taken might be quite different if they had a more complete understanding of the subjects involved. Election of officers before the business meeting, has a tendency to tie the hands of incoming officers to an extent that may prove to be undesirable, since they are, in a large measure, under a certain obligation to carry out the policies of their predecessors. Such a condition is often not for the best interests of the Town, and, secondarily, it is not entirely fair either to candidates standing for re-election or to new candidates. But the all important consideration is that the Town of Needham now has no alternative but to elect its officers without first having the opportunity of inquiring into the financial acts and the policies of those who are recommending expenditures and policies for the current year.

In order that the change may not interfere with putting the Representative Town Meeting into effect with the Annual Business Meeting of March, 1933, your Committee recommends that this change in the order of the Annual Election and the Annual Business Meeting become effective with the Annual Town Meeting of March, 1934.

In making these recommendations, your Committee believes that it is presenting the strongest form of government for the Town of Needham. Your Committee recognizes that no form of government is perfect. With this in mind, it has, at its many meetings, debated each recommendation with the particular

intent of bringing out its weak points and of overcoming them to the fullest extent possible. Each member of your Committee has contributed an equal part in these discussions. Your Committee is particularly gratified in being able to report that not only are all its recommendations made unanimously, but that no member has conceded a single point simply to insure a unanimous report. It is the conviction of your Committee that the adoption by the Town of these recommendations will result in a far more economical operation of the Town's labor departments and in greater efficiency. This saving may be utilized either by accomplishing the same results at less expense, which means a lower tax rate, or by securing greater results at the present cost.

BILL ESTABLISHING A PUBLIC WORKS DEPARTMENT FOR THE TOWN OF NEEDHAM

[This Bill is a part of the report of the Committee to "Investigate the Entire System of Town Government." It is recommended by them and has been approved by the proper counsel as to form and legality. If authorized by the voters, it will become effective with the Annual Town Election of March, 1933, without re-submission to the voters.]

Section 1. The Board of Selectmen of the Town of Needham, as constituted from time to time, from and after the annual meeting held following the acceptance of this Act, shall also be a Board of Public Works, and in said capacity shall have and exercise, under the designation of Selectmen, all the powers and duties now or from time to time vested by General Law in the following Boards and Officers in said Town, to wit: —the Highway Surveyors, Water Commissioners, Sewer Commissioners, Park Commissioners, Board of Survey and Tree Warden, and such Boards and Officers shall thereupon be abolished. No contracts or liabilities then in force shall be affected by such abolition, but the Selectmen, acting as said Board, shall in all respects be the lawful successor of the Boards and Officers so abolished. At the first annual meeting of the Town held after said acceptance, the number of the Selectmen shall be increased to five, subject to change, however, as provided by Chapter forty-one of the General Laws.

Section 2. The Selectmen shall appoint, and fix the compensation of, a Superintendent of Public Works, who shall administer, under the supervision and direction of the Selectmen, such departments of the Town as the Selectmen may designate. He shall be responsible for the efficient administration of all departments within the scope of his duty, and shall hold office subject to the will of the Selectmen. He shall be specially fitted by education, training and experience to perform the duties of said office, and may or may not be a resident of the Town. During his tenure he shall hold no other elective or appointive office, nor shall he be engaged in any other business or occupation. He shall give bond to the Town for the faithful performance of his duties in such sum, upon such conditions, and with such surety or sureties as the Selectmen may require, and shall, subject to the approval of the Selectmen, appoint such assistants, agents and employees as the performance of the duties of the various departments under his supervision may require. He shall keep full and complete records of the doings of his office and shall have charge

of and shall preserve, arrange and index so as to be readily accessible to the public all plans, surveys, field notes, records, documents and inventories connected with engineering operations of the Town, and render to the Selectmen, as often as they may require, a full report of all operations under his control during the period reported upon; and annually, or from time to time as required by the Selectmen, he shall make a synopsis of all such reports for publication. He shall keep the Selectmen fully advised as to the needs of the Town within the scope of his duties, and shall furnish to the Selectmen, on or before January first in each year, a carefully prepared and detailed estimate in writing of the appropriations required during the ensuing fiscal year for the proper conduct of all departments of the Town under his supervision.

Section 3. At any time after three years following the effective date of this Act, said Town may rescind, in whole or in part, all action taken under its provisions and the provisions of Section twenty-three of said Chapter forty-one shall apply to such rescission.

Section 4. This Act shall take effect upon its passage.

AN ACT TO ESTABLISH IN THE TOWN OF NEEDHAM REPRESENTATIVE TOWN GOVERNMENT BY LIMITED TOWN MEETINGS

[This Bill is a part of the report of the Committee to "Investigate the Entire System of Town Government." It is recommended by them and has been approved by the proper counsel as to form and legality. If authorized by the voters, it will become effective with the Annual Town Election of March, 1933, without re-submission to the voters.]

Section 1. Upon the acceptance of this act by the Town of Needham as hereinafter provided, the selectmen shall before December 31, of the year of acceptance, divide the territory thereof into not less than four nor more than eight districts, each of which shall be plainly designated, and shall contain not less than five hundred registered voters. All districts shall contain approximately an equal number of registered voters.

The districts shall be so established as to consist of compact and contiguous territory, to be bounded, as far as possible, by the center line of known streets and ways or by other well defined limits. Their boundaries shall be reviewed and, if need be, wholly or partly revised or the number of districts changed within the aforesaid limits by the Selectmen in December, once in five years, or in December of any year when so directed by a vote of a representative town meeting not later than November thirtieth of that year.

The Selectmen shall, within twenty days after any establishment or revision of the districts, but not later than January twentieth of the succeeding year, file a report of their doings with the Town Clerk, the Registrars of Voters and the Assessors with a map or maps or description of the districts and the names and residences of the registered voters therein. The Selectmen shall also cause to be posted at the Town Hall a map or maps or description of the *districts* as established or revised from time to time, with the names and residences of the registered voters therein. They shall also cause to be posted in at least one public place in each district a map or description of that district with the names and residences of the registered voters therein. The division of the Town into districts and any revision of such districts shall take effect upon the date of the filing of the report thereof by the Selectmen with the Town Clerk. Whenever the districts are established or revised,

the Town Clerk shall forthwith give written notice thereof to the State Secretary, stating the number and designation of the districts.

Section 2. Other than the officers designated in section three as town meeting members at large, the representative town meeting membership shall in each district consist of the largest number divisible by three which will admit of a representation of all districts by an equal number of members and which will not cause the total elected town meeting membership to exceed 180. The registered voters in every district shall, at the Annual Town Election held after the establishment thereof, and at the first Annual Town Election following any district revision where the number of districts is changed, conformably to the laws relative to elections not inconsistent with this act, elect by ballot the number of registered voters in the district, other than the officers designated in section three as town meeting members at large, provided for in the first sentence of this section, to be town meeting members of the town. The first third in order of voters received of members so elected shall serve three years, the second third in such order shall serve two years, and the remaining third in such order shall serve one year, from the day of the Annual Town Meeting, and, to and including the day of the next following Annual Town Meeting; in case of a tie vote affecting the division into thirds as aforesaid the members elected from the district shall by ballot determine the same; and thereafter, except as is otherwise provided herein, at each Annual Town Election the registered voters of each district shall, in like manner, elect one-third of the number of town meeting members to which that district is entitled for the term of three years, and shall at such election fill for the unexpired term or terms any vacancy or vacancies then existing in the number of town meeting members in their respective districts. Upon every revision of the districts where the number of districts is changed, the terms of office of all town meeting members from every district shall cease upon the election of their successors. The Town Clerk shall, after every election of town meeting members, forthwith notify each member by mail of his election.

Section 3. Any representative town meeting held under the provisions of this act, except as otherwise provided herein, shall be limited to the voters elected under section two, together with the following, designated as town meeting members at large; namely, any member of the General Court of the Commonwealth from the Town, the Moderator, the Town Clerk, the members of the Board of Selectmen, the Town Treasurer, the Town Counsel, the chairman of the School Committee, the chairman of the Finance Committee, the chairman of the Assessors, and the chairman of the Board of

Health. Town meeting members shall be notified of the time and place at which representative town meetings are to be held, in the same manner as now provided for the notification of voters of town meetings by Article 1, Sects. 2 and 3, of the town by-laws.

The town meeting members, as aforesaid, shall be the judges of the election and qualifications of their members. One hundred and twenty town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time. Notice of every adjourned representative town meeting shall be posted by the Town Clerk in five or more public places in the town; and the Town Clerk shall also notify the members by mail of the adjournment at least twenty-four hours before the time of the adjourned representative town meeting, if the period of adjournment will permit. The notices shall state briefly the business to be acted upon at any meeting and shall include notice of any proposed reconsideration. All town meetings shall be public; and, subject to such conditions as may be determined from time to time by the representative town meeting, any voter of the town who is not a town meeting member may speak at any representative town meeting, but he shall not vote. A town meeting member may resign by filing a written resignation with the Town Clerk, and such resignation shall take effect upon the date of such filing. No elected member whose official position entitles him to be a member at large shall act as a member at large during such time as he remains an elected member. A town meeting member who removes from the Town shall cease to be a town meeting member and an elected town meeting member who removes from one district to another or is so removed by a revision of districts shall not retain membership after the next annual election as an elected member from the district from which he has or is removed. The town meeting members as such shall receive no compensation.

Section 4. Nomination of candidates for town meeting members to be elected under this act shall be made by nomination papers signed by not less than ten voters of the district in which the candidate resides, and filed with the Town Clerk on or before the date fixed by the Registrars of Voters as the last day for filing nomination papers by candidates for town office; provided, that any town meeting member may become a candidate for re-election by giving written notice thereof to the Town Clerk at least thirty days before election. No nomination papers shall be valid in respect to any candidate whose written acceptance is not thereon or attached thereto when filed.

Section 5. The articles in the warrant for every town meeting, as far as they relate to the election of the Moderator,

town officers, town meeting members, and as herein have provided, to referenda and all matters to be acted upon and determined by ballot shall be acted upon and determined by the voters in the town polling place. All other articles in the warrant for any town meeting, beginning with the town meeting at which said town meeting members are first elected, shall be acted upon and determined exclusively by town meeting members at a meeting to be held at such time and place as shall be set forth by the Selectmen in the warrant for the meeting, subject to the referendum provided for by Section eight.

Section 6. A Moderator shall be elected by ballot at each annual town meeting and shall serve as Moderator of all town meetings, except as otherwise provided by law, until a successor is elected and qualified. Nominations for and election of a Moderator shall be as in the case of other elective town officers, and any vacancy in the office may be filled by the town meeting members at a meeting held for that purpose. If a Moderator is absent a moderator pro tempore may be elected by the town meeting members.

Section 7. Any vacancy in the full number of town meeting members from any district, whether arising from a failure of the registered voters thereof to elect, or from any other cause, may be filled until the next annual election by the remaining town meeting members of the district from among the registered voters thereof. Notice of any vacancy shall promptly be given by the Town Clerk to the remaining members from the district in which the vacancy or vacancies exist and the Town Clerk shall call a special meeting of such members for the purpose of filling any vacancy, and shall cause to be mailed to every such member not less than seven days before the time set for the meeting, a notice specifying the object, time and place of the meeting. At the said meeting a majority of the members from such district shall constitute a quorum, and they shall elect from their own number a chairman and a clerk. The choice to fill any vacancy shall be by written ballot and a majority of the votes cast shall be required for a choice. The chairman and clerk shall count the ballots and shall make a certificate of the choice and forthwith file the same with the Town Clerk, together with a written acceptance by the member or members so chosen who shall thereupon be deemed elected and qualified a town meeting member or members, subject to the right of all the town meeting members to judge of the election and qualifications of the members as set forth in section three.

Section 8. No final vote of any representative town meeting passing or rejecting a measure under any article in the warrant, except a vote to adjourn or dissolve, or votes

appropriating money for the payment of notes or bonds of the town and interest thereon becoming due within the then current financial year, or votes for the temporary borrowing of money in anticipation of revenue, or a vote declared by preamble by a two-thirds vote of the town meeting members present and voting thereon to be an emergency measure necessary for the immediate preservation of the peace, health, safety or convenience of the town, shall be operative until after the expiration of five days, exclusive of Sundays and legal holidays, from the dissolution of the meeting. Any such measure disposed of by a vote to lay on the table, to postpone indefinitely, or other dilatory vote, shall be deemed to have been rejected in the form in which it was presented and perfected or changed by such amendments, if any, as have been adopted by the said meeting. If, within said five days, a petition, signed by not less than two hundred and fifty registered voters of the town, containing their names and addresses as they appear on the list of registered voters, is filed with the Selectmen requesting that the question or questions involved in any such vote which has not become operative as aforesaid be submitted to the voters of the town at large, then the operation of such vote shall be further suspended pending its determination as hereinafter provided, and the Selectmen, within ten days after the filing of the petition, shall call a special meeting, which shall be held within fourteen days after the issuing of the call, for the purpose of presenting to the voters at large the question or questions so involved. All votes upon any questions so submitted shall be taken by ballot, and the check list shall be used in the same manner as in the election of town officers. The questions so submitted shall be determined by vote of the same proportion of voters at large voting thereon as would have been required by law of the town meeting members had the question been finally determined at a representative town meeting. The questions so submitted shall be stated upon the ballot in substantially the same language and form in which they were stated when presented to said representative town meeting by the Moderator as appears from the records of the said meeting. If such petition is not filed within the said period of five days, the vote of the representative town meeting shall become operative upon the expiration of the said period.

Section 9. The Town of Needham after the acceptance of this act and the first election of town meeting members thereunder, shall have the capacity to act through and be bound by its said town meeting members who shall, when convened from time to time as herein provided, constitute representative town meetings; and the representative town meetings shall exercise exclusively, so far as will conform to

the provisions of this act, all powers vested in the municipal corporation. Action in conformity with all provisions of law now or hereafter applicable to the transaction of town affairs in town meetings shall, when taken by any representative town meeting in accordance with the provisions of this act, have the same force and effect as if such action had been taken in a town meeting open to all the voters of the town as heretofore organized and conducted.

Section 10. This act shall not abridge the right of the inhabitants of Needham to hold general meetings, as that right is secured to them by the Constitution of this Commonwealth; nor shall this act confer upon any representative town meeting in Needham the power finally to commit the town to any measure affecting its municipal existence or changing its government, without action thereon by the voters of the town at large, using the ballot and the check list therefor.

Section 11. This act shall take effect upon its passage.

REPORT OF THE WATER COMMISSIONERS

To the Inhabitants of the Town of Needham, Massachusetts:

We submit herewith the forty-second annual report of the Water Department for the year ending December 31, 1931.

At the annual Town Meeting, William W. Gallagher was re-elected Water Commissioner for a term of three years.

The board organized by electing William W. Gallagher, chairman; Philip A. Rand, secretary; and appointing George A. Adams, clerk and superintendent; and Rodney S. Adams, assistant superintendent.

October 13, 1931, Benjamin Mills, Jr., was elected to fill the vacancy cased by the death of Henry Thomas.

Henry Thomas was elected Water Commissioner in March, 1919, and served continuously until his death August 25, 1931. He was a faithful and valued member of this Board. His business ability, mechanical training, sane and impartial judgment peculiarly fitted him for public office and in his passing the Town loses a faithful officer and a manly man.

Extension of Mains

The following extensions were made in 1931:—

Beaufort Avenue, Emerson and Fairview Roads, Grant, LaSalle, and Manning Streets and Laurel Drive. These were short extensions to supply water to houses on these streets and the water rates will pay the interest on the same.

The extensions on West and Lewis Streets, Melrose Avenue and Grosvenor Road were made to improve the service.

The total cost of the extension in Clarke Road was paid by Mr. Porter, the owner of the development.

The Town appropriation of $4,200 on the estimated cost of laying the main in Hillcrest Road was insufficient to pay the cost of the same as there was much more ledge work than estimated. This additional cost was paid from the earnings of the Water Department.

The fire service at the new Central Fire Station was installed by the Water Department at a cost of $442.69, there being no available fund in the hands of the Building Committee at the time. This department is to be reimbursed at a later date.

Extensions of pipe smaller than four inch were laid in Mt. Vernon Avenue, Emerson Place and Coulton Park.

Hydrants

Twelve steamer hydrants have been installed during the year. Ten are on the new extensions and two replace broken standards; one on the corner of Hunnewell Street and Central Avenue, and one on Harris Avenue between Bradford Street and Mayo Avenue. One standard has been discontinued on Greendale Avenue owing to the reconstruction of the roadway.

The hydrants have received their customary inspection and are in good working order.

Water Rates

As authorized by vote of the Town in 1924.

The minimum advance water rate on each service shall be $10 per annum, from April 15 to April 15, and pays for 2,500 cubic feet of water if used between these dates.

Water used in excess of 2,500 cubic feet and under 202,500 cubic feet will be charged at the rate of twenty cents per 100 cubic feet.

Water used in excess of 202,500 cubic feet will be charged at the rate of eleven cents per 100 cubic feet.

Bills for the minimum advance water rate of ten dollars shall be rendered April 15, and will include the charges for excess water for the year ending on that date, except if the water used between April 15 and October 15 in the same year exceeds 2,500 cubic feet a bill for such excess shall be rendered and payable October 15, or, if the meter readings indicate that a large amount of water is being used on any service the bills shall be rendered and payable monthly.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Needham:

In accordance with custom the School Committee herewith submits its annual report.

The function of every school department is two-fold; first, an organization that provides the best educational opportunities for the children; secondly, the maintenance of such organization at the lowest possible expense to the taxpayers.

The year 1931 found our department completely installed in the new buildings and addition. While the expense involved has and will tax our Town greatly, we feel that the benefits derived are infinitely greater.

It has been the aim of your School Committee to better and strengthen our teaching force. Several changes have been made and it is our belief that in each instance we have improved the standard of our teaching staff.

Many changes and additions have been made in the school curriculum. For a detailed account of these changes we refer you to the report of the Superintendent of Schools.

In submitting our 1932 budget to the taxpayers, we have considered very carefully the economic depression through which every community is passing and have curtailed every expense which would not seriously interfere with the safety and welfare of your children.

In the death of Miss Mary E. Glancy, our department and the public at large lost a valuable teacher and a real friend. Her memory will long be cherished.

We wish to express our appreciation of the loyalty and support of the citizens of Needham and pledge ourselves to operate and maintain this important department of our Town in the highest manner possible.

Your attention is called to the detailed report of the Superintendent of Schools, the Principal of the Senior High School, the Principal of the Junior High School, and the Special Instructors.

Respectfully submitted,

ROY E. COLE, *Chairman*,
MARGARET O. CHASE,
IRVING H. COWDREY,
JOSEPH SATTERLEE,

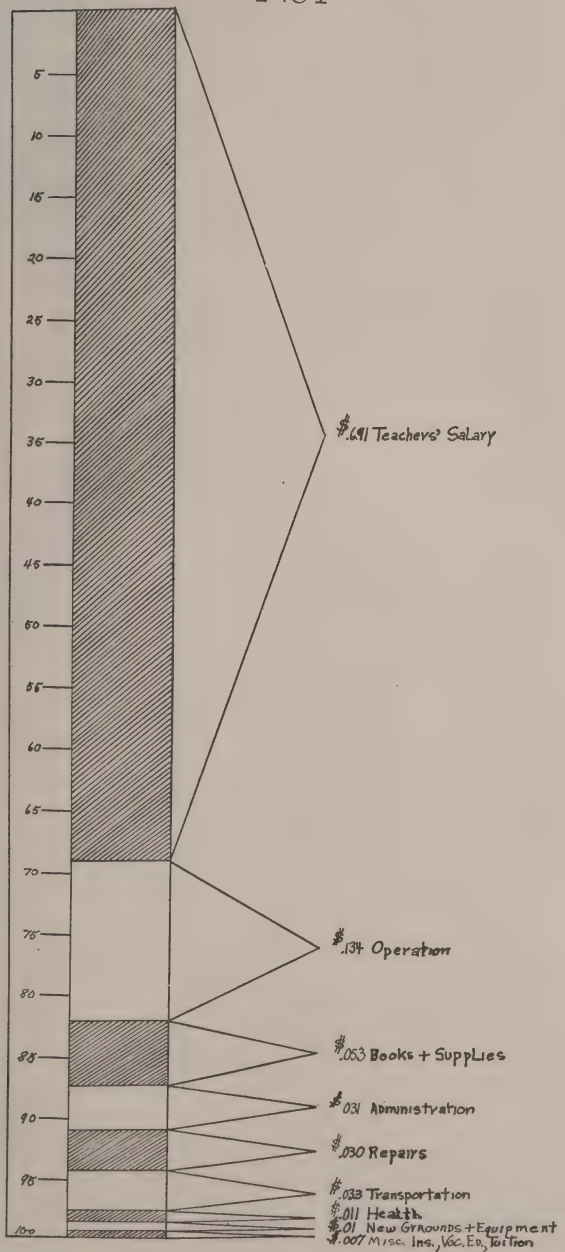
HOW THE SCHOOL DOLLAR WAS SPENT
1931



REPORT OF THE STEPHEN PALMER BUILDING COMMITTEE

At a Town Meeting held June 23, 1930, it was voted that the sum of $82,000.00 be appropriated for the purpose of constructing an addition to the Stephen Palmer School Building. In accordance with this vote the Moderator appointed the following as a Building Committee: Roy E. Cole, G. Waldo Crawley, John C. Davis, Harry H. Bruns, Margaret O. Chase, Arthur S. Hamilton, Joseph Satterlee.

After careful survey of the needs in the center of the Town it was decided to add eight rooms to the Stephen Palmer Building with the construction and plan as near like the old building as possible with the exception of a few minor improvements.

The architects selected were Shepard and Stearns of Boston, and Archdeacon and Sullivan were the general contractors.

The work progressed satisfactorily, without serious interruption to school work in the old part, and was finished ahead of scheduled time. Classes were begun in the new part of the building in December, 1930.

The Committee regard the plan and construction as highly satisfactory. The balance of the fund was used for walks and grading.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Needham:

I am submitting my eleventh annual report, the same being the thirty-ninth in the series of written annual reports regarding the Needham Schools.

I am also submitting reports from principals, supervisors, teachers, and health officers, giving more detailed information. I am including the usual statistics. The intention is to furnish the citizens with as complete a record of the activities of the department, its needs, and plans for its future development, as space will permit.

Our teachers are people thoroughly trained for their work, selected on account of experience elsewhere and our belief in their ability to adapt themselves to the local situation. Our schools are well provided with books and supplies. Our buildings with but few exceptions are modern in every respect, sanitary, well lighted and ventilated, and cared for by a corps of excellent janitors. These conditions have been brought about by your foresight and careful planning, and the pupils are enjoying the benefits of the generosity of the people.

The time has not come and probably never will arrive when improvements to the system cannot be made. Working in harmony with the teachers, it is my duty to plan such improvements as it seems possible to make and present them to you for consideration from time to time. This we shall continue to do, calling to your attention such changes as are really modern and in accord with progressive educational procedure.

Enrollment

The table below shows that the increase in school population has been gradual and consistent. This steady increase shows a healthy condition and we would not have it otherwise, but increased numbers means more teachers, more books and supplies, and more school rooms; and consequently more expense.

Teachers

All were saddened by the sudden death of Miss Mary E. Glancy on the twenty-seventh of April, 1931. Miss Glancy rendered the schools excellent service for forty-one years and enjoyed the confidence and respect of all who knew her.

Three teachers retired in June, taking advantage of the Pension Law; Miss Frances M. Kingsbury of the Dwight School after a service of fifty years; Miss Elizabeth A. Lester of the Avery Schools after a service of forty-two years; and Mrs. Ruth A. Webb of the William Carter School after a service of twenty-one years. The termination of their services is a distinct loss to the department, but their retirement has been earned by years of conscientious work.

The "Rules and Regulations" of the department require that a teacher shall have had at least one year of successful teaching experience and be a college graduate before appointment in the High School and a normal school graduate with one year's experience before appointment in the Elementary Schools. Our teachers are not only thoroughly trained for the work they are doing but are working hard and conscientiously to give all the children in their care the best training possible. They deserve and are receiving the loyal support of the parents.

Number of Pupils Per Teacher

An examination of the many studies made to determine the relation between size of classes and school progress leads to the conclusion that medium-sized classes make the best showing; that there is no real advantage in the very small or very large classes. The Springfield report recommends thirty-six pupils for Elementary Schools; thirty for Junior High Schools, and twenty-five for Senior High Schools.

"There seems to be some basis for the belief that pupils taught in relatively large classes tend to develop more self-reliance and initiative than pupils in small classes, where too much dependence can be placed on the teacher. Small classes lack the competitive element and it is often difficult

to arouse the interest and enthusiasm of either the pupils or the teachers."

In thirty-nine cities in Massachusetts the average number of pupils per teacher in:

Elementary Schools is 31; Junior High Schools 28; Senior High Schools 24.

In Needham the average number per teacher in:

Elementary Schools is 30; Junior High School 24; Senior High School 22.

Home Study

It is impossible for most pupils to do satisfactory work in the Junior or Senior High Schools without "Home Study." Some people insist we are asking for too much time while others claim not enough time is required. More depends upon the kind of study than the amount of time spent. If home study goes on where attention is interrupted by conversation, telephone, radio, and other distractions, the results cannot be other than unsatisfactory.

The following statements by the principals of our High Schools will be of interest:

"Pupils who succeed in their scholastic work do at least two hours of real, conscientious home study on every school day."

WM. F. POLLARD,
Principal Senior High School.

"The student in Grade Seven should reasonably expect to spend from thirty (30) to forty-five (45) minutes per day in outside study; a student in Grade Eight from forty-five (45) to seventy (70). Grade Nine presents a slightly different problem, but no student should expect to spend less than ninety (90) minutes per day in outside study; and those preparing for college should average from ninety (90) to one hundred and twenty (120) minutes of home study."

CLARENCE B. WASHBURN,
Principal Junior High School.

Senior High School

The Senior High School has an enrollment of 462. It continues to be on the approved college lists and is in Class A of the Department of Education. The record of its graduates in colleges and other educational institutions is a credit to the school and the Town. It is doing, also, what is perhaps still more important—providing an education for life for those whose education is completed in the local High School.

Junior High School

The Junior High School numbers 557. It has been necessary to equip an additional manual training room in the basement of the old high school building to enable the increased numbers to have the benefit of courses in woodworking. Two other rooms in the old building are being used as recitation rooms by the Junior High School on a part time basis. Next year another room will be used to house an additional fifth grade which is now in the Stephen Palmer building.

At the present rate of growth all the rooms in these two buildings will soon be needed for the Junior High School alone. With the additions that should be made to the curriculum, whenever it is possible to do so, additional rooms will be necessary. Here is a problem which will soon be pressing for a solution and should be given consideration at an early date.

Opportunity Class

The Opportunity Class established in the William Carter School in accordance with Statute is being carried on with success and is furnishing much needed help to this particular group. A visit to this school will convince anyone that this work is well worth the cost. The attitude of these pupils toward their school has changed completely, and the atmosphere of the room is one of happiness in their work.

Health and Safety

Nothing can be more important than the health and safety of the children, and instruction in these subjects is a part of the work in all grades.

Each pupil is given a physical examination each year by the school physician assisted by the school nurse, and notices are sent to parents whenever advisable in the judgment of the physician.

A yearly eye and ear examination is given by the nurse and glasses provided from private sources whenever necessary. The use of the audiometer not only saves time but is a much more accurate test of the hearing.

Children are measured and weighed regularly and records kept.

Milk is sold in the schools and free milk furnished, if necessary.

Tuberculosis contact cases are sent to the Norfolk County Health Camp during the summer vacation.

Funds have been provided from the sale of Christmas Seals and from the Needham Tuberculosis League to assist

where needed, and much credit is due these organizations for their effective work.

The teaching of health habits and safety lessons are an important part of the daily program.

Parent Teacher Association

The object of this Association shall be to foster a closer sympathy and co-operation between the home and the school in the Town of Needham; and to promote the educational and social welfare of the community.

The teachers have attended these meetings in goodly numbers and have worked with the officers, serving in various capacities, to make the organization a success.

Program

Thursday Evening, October 8 — 8 o'clock, Junior High School, Music, Mrs. Jennie L. Barron, Former Member Boston School Committee.

Thursday Evening, December 10 — 8 o'clock, Junior High School, Music, Professor Edward J. Eaton, Associate Professor of Education, B. U.

Thursday Evening, February 11 — 8 o'clock, Junior High School, Music, Mr. William J. Fortune, Vice-President The National Shawmut Bank.

Friday Evening, April 8 — 8 o'clock, Senior High School, Annual Meeting — Election of Officers; Demonstration Night. Under direction of Superintendent of Schools, Mr. John C. Davis.

Repairs

In addition to the large number of ordinary repairs the major item during the year was a new floor in the gymnasium of the Junior High School. New fences were built at the William Carter, Avery, and Stephen Palmer Schools; a great deal of inside painting and tinting was done at the William Carter, Junior High, and old High Schools.

This department working in harmony with the Board of Public Welfare has had several of their men at work grading the Avery School Playground until the work was discontinued by frost. At the present time five men are being employed in and about our buildings in different capacities doing work which would ordinarily be done in the summer vacation.

Education Week

Education Week was observed this year in the same manner as last year. Invitations were written by the pupils and sent to parents asking them to visit schools. In all, 1,236 parents visited our schools during Educational Week. In the Junior and Senior High Schools an evening was given to conferences with parents. Parents are always welcome and on this particular week a special effort always is made to acquaint the parents with the regular work of the schools.

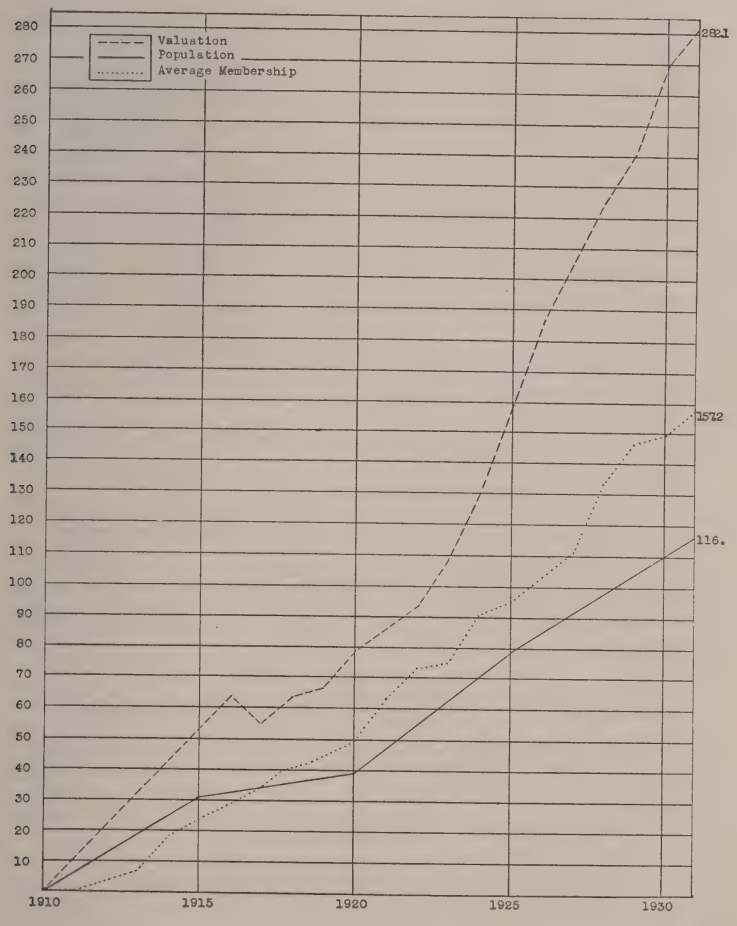
School Costs

The amount of the total tax taken for the support of schools for several years is shown in the following table taken from the state report.

1924	$9 74
1925	9 54
1926	9 41
1927	9 29
1928	9 19
1929	9 02
1930	8 99
1931	8 69

As far as the expenditure for the support of schools goes, the tax rate of Needham could have been reduced $1.05 since 1924.

The following chart shows the percentage of increase in population and valuation of the Town from 1910 to the present time.



It is interesting to compare the costs of the Needham Schools with costs in other towns and cities and the state as a whole.

Of the 83 towns over 5,000 in population, Needham ranks as follows:

Valuation per pupil	$9,662 00	rank 18
Amount of tax rate taken for schools	8 69	rank 69
Total tax	33 00	rank 26
Expenditure per pupil	91 24	rank 32

Of the 355 cities and towns of the state, Needham ranks as follows:

Valuation per pupil	rank 102
Amount of tax rate taken for schools	rank 263

Average Per Pupil Cost for All Schools

39 Cities of the State	$103 82
83 Towns over 5,000 population	92 30

Recommendations

1. I wish to repeat again my recommendation that some action be taken regarding the Riverside School. The present condition of the school building is such that it cannot possibly be used much longer, and some remedy must be found at an early date.

2. I wish to recommend again the establishment of a dental clinic.

3. The enrichment of the curriculum in the Junior High School.

All of the above recommendations, if carried out, mean additional appropriations. Since the policy of your Committee is to keep the budget at as low a figure as possible, it is necessary to postpone serious consideration of these items to another year. I am mentioning them as desirable things to be accomplished when the Town is willing to make the necessary funds available.

For the spirit of harmony and co-operation which has prevailed through the department, and for the continued confidence of the School Committee, I wish to express my sincere appreciation.

Respectfully submitted,

JOHN C. DAVIS,

Superintendent.

REPORT OF PRINCIPAL OF SENIOR HIGH SCHOOL

January 4, 1932.

Mr. John C. Davis, Superintendent of Schools,
Needham, Mass.

Dear Sir: — It is with great pleasure that I submit to you my fifth annual report as Principal of the Needham Senior High School.

To the Class of 1931 goes the honor of being the first to graduate from the new high school. The graduating exercises, which took place in the beautiful school auditorium on Friday, June 19th, were scholarly and impressive. The central thought behind the entire program was education for leisure.

The program was as follows:

March, "Priest March Athalia" ..... *Mendelssohn*
High School Orchestra

Invocation
Rev. Harry W. Kimball

Chorus (*a*) "Speed On" ..... *Roeckel-Marshall*
(*b*) "Hail! Conqueror of the Air" ..... *Gibb*
Choral Club

Essay, "The Amateur Scientist"
John Thorpe
"Science is teaching man to know and reverence truth, and to believe that only as far as he knows and loves it can he live worthily on earth and vindicate the dignity of his spirit."

Essay, "Reading in Leisure Time"
Barbara Newcomb
"Books are keys to wisdom's treasure
Books are gates to lands of pleasure
Books are paths that upward lead,
Books are friends. Come let us read!"

Songs (*a*) "Gipsy John" ..... *Clay*
(*b*) "Larboard Watch" ..... *Williams*
Boys' Glee Club

Essays, "Birds and Bird Ways"
Arthur H. Buckman, Jr.
"Come forth into the light of things;
let Nature be your teacher."

Essay, "The Amateur Spirit in Music"
Doris W. Jones
"The four necessities of life are food, shelter, raiment, and music."

Selection, "Overture — Light Cavalry" ..... *Suppe*
High School Orchestra

Presentation of Class Gift
Harold F. Quinlan, 1931

Response
John W. Stewart, Jr., 1932

Presentation of Prizes
Principal William F. Pollard

Songs (*a*) "Morning" ..... *Massenet*
(*b*) "In the Boat" ..... *Grieg*
(*c*) "Moonlit Meadows" ..... *Czibulka*
Girls' Glee Club

Presentation of Diplomas
Mr. Joseph Satterlee
Member of School Committee

Class Song
Words by Helene J. Stevens and
Winifred A. Whitcomb

Benediction
Rev. Hugh M. Smith

March "Defender" ..... *Crosby*
High School Orchestra

As an expression of its appreciation for what the school had done for the class it placed a deposit of two hundred and fifty dollars in the Needham Trust Company with the understanding that the interest therefrom is to be given annually as a prize to the outstanding pupil in the Commercial Department.

Prizes

Prizes were awarded to the following pupils:

Girl who made the most of her opportunities during 1930–31, Faculty Prize, Priscilla Sawtelle, 1931.

Boy who made the most of his opportunities during 1930–31, Faculty Prize, John W. Eagan, 1931.

English Department, New Century Club Prize, Ruth M. Langdale, 1931.

Freehand Drawing, New Century Club Prize, Katharine K. Lewis, 1931.

Mechanical Drawing, New Century Club Prize, Merrill S. Hobart, 1931.

Home Economics Prize, Marjorie A. Studley, 1931.

John Goodwin Schirmer Health Medal, Girl, R. Jeanette Birkett, 1931.

John Goodwin Schirmer Health Medal, Boy, Joseph L. Hasenfus, 1931.

Best Sport Cup, Mr. Herbert F. Stevenson's Prize, Harold F. Quinlan, 1931.

Washington and Franklin Medal for excellence in the study of United States History, Joan Wilkinson, 1932.

American Legion Auxiliary Essay Contest Prizes: Charles R. Knight, 1931, first prize; Neal Jacobs, 1932, second prize; Alyce A. Warne, 1932, third prize.

Gifts

I gratefully acknowledge the following gifts:

Algerian World War Poster, gift of Needham Post No. 14, American Legion.

"The Bibliophile Library of Literature, Art and Rare Manuscripts," 27 volumes, gift of Miss Eva H. Churchill, of the Faculty, to the School Library.

"The Glory Trail," by Ethel Meredith Reed, gift of Senior English Class to the School Library.

Enrollment

The total enrollment to date is 462, divided as follows: Specials, 3; Post Graduates, 21; Seniors, 115; Juniors, 135; Sophomores, 187; Freshmen, 1. The total enrollment at this time last year was 424. The same number of pupils left school last year as this, namely, 14, so that the actual present membership shows 448 for 1931–32 as compared with 410 for 1930–31.

Of the 14 who have left school, 4 have moved out of Town, 2 have entered other schools, 7 have gone to work, and 1 is at home.

Of the 158 graduates of last year's ninth grade, 152 entered the Needham Senior High School, 3 moved away and 3 are working.

The number of post graduates is exceptionally large. The business depression, in the main, is responsible for it. Under the existing conditions it is far better for them to be in school improving their time than to hang around doing nothing. We are glad that they wanted to come back and trust that the extra year spent with us will be a profitable one for them.

College Entrance Board Examinations

It is an accepted policy in all secondary schools of any consequence to recommend for College Entrance Board examinations only those pupils who have maintained a certificate grade (85%, or B, in our case) in the subjects in which they wish to take examinations. Last June there were twenty recommendations. Others took examinations either with our consent or on their own responsibility. The results show that forty-four examinations were passed. This, in itself, ought to give some idea of our success in preparing pupils for college. As a result of having successfully passed College Entrance

Board Examinations some members of the Class of 1931 entered Radcliffe, Dartmouth, Wellesley and the Massachusetts Institute of Technology, while others matriculated in other worthwhile colleges by means of certificate.

Preparation for College

From time to time during the last three years I have had the pleasure of receiving letters from a number of our pupils who have gone on to higher institutions, in which they have expressed their appreciation of the fine preparation they had received for their college work. A number of them have informed me that they know now what it really meant to study, in spite of the fact that they had complained during high school days of being overworked.

Investigation will show that we are not requiring any more of our pupils in the way of study, both in and outside of school, than the best secondary schools in the State. Some parents seemingly hold the point of view that if a pupil takes the college preparatory course, attends school regularly, exposes himself to classroom atmosphere, that he has taken all of the steps necessary to insure entrance to the best colleges. The sooner they get rid of that notion, the better. A normal amount of brains at least, plus real conscientious, intelligent study is required at the present time of all who aspire to successfully hurdle the barrier (College Entrance Board Examinations) that separates the high school from the college.

Changed Conditions

In spite of the fact that practically everything has undergone considerable change during the last thirty years, some people, apparently, are of the opinion that the schools and all that pertains to them, have remained just as they were when they were in school. Of course that is not so. The schools must, and have changed to meet the new conditions.

Colleges like Smith, Wellesley, Radcliffe, Mt. Holyoke, Wheaton, Vassar, Harvard, Yale, Princeton and The Massachusetts Institute of Technology, no longer admit pupils from secondary schools East of the Mississippi and North of the Mason and Dixon Line by certificate if the school offers a college preparatory course to its pupils. Prior to 1919 a number of the above institutions admitted chiefly on certificate. Because of the fact that more students are clamoring to be admitted to the above institutions, as well as others, than can be accommodated, they are in a position to dictate with respect to the amount of work which must be covered in the high school college preparatory course, and at the same time insist upon a very high standard of accomplishment. Consequently, there is nothing left for us to do but meet the situation. The schools must offer the right studies, taught by able

teachers, and the pupils must be ready to do certificate grades of work regularly and faithfully if they expect to be considered favorably as college material.

Classification

Our high school, because it has maintained a high grade of scholarship, has the privilege of certifying pupils without examinations to the colleges included under the jurisdiction of the New England College Entrance Certificate Board. Numbered among the Colleges coming under the jurisdiction of the Board are Amherst, Bates, Boston University, Bowdoin, Brown, Colby, Massachusetts State College, Middlebury, Tufts, Wesleyan and Williams. We also have the privilege of certifying pupils to Holy Cross and the Worcester Polytechnic Institute.

As in previous years our high school is again listed in Class A by the Massachusetts State Department of Education. This entitles us to send our graduates, who have maintained a certificate grade in subjects as prescribed by the State Department, to the State Normal Schools without taking examinations.

Commercial Department

Under the direction of a corps of very able teachers the Commercial Department of the school has done splendid work. The morale of the pupils and standard of work done have been high. It is a pleasure to bring to your attention the splendid work of two pupils in the department; namely, Miss Bertha Redonnett and Miss Rose Vellali. They were entered as our representatives in the State Shorthand and Typewriting Contest in Boston on May 23, 1931. Although they were only second-year students of shorthand they were compelled to enter the third-year contest because of the fact that our periods are 52 minutes in length rather than 45 or 48. Miss Redonnett tied for first place and received a medal for her efforts. She also succeeded in passing the Civil Service examinations for the position of a Hearing Stenographer, which in itself is a noteworthy achievement for a two-year high school student of stenography.

The teachers are very anxious to increase the scope of the work offered in this department, particularly in the field of office practice, but find that it is impossible to do so because of the lack of office equipment. In this particular age, arguments are unnecessary to prove that an up-to-date commercial department should be equipped with at least two or three modern office machines. We have made a thorough study of the matter and know what we would like to have. It is our sincere hope that funds will be available this year for the purchase of some of the office practice machines which we

feel are absolutely necessary if the commercial department is to successfully meet the requirements of modern business.

Music

A notable feature of the work in the field of music during the past school year was the joint concert given by the combined orchestras and glee clubs, respectively, of our own and the Dedham Senior High School. The music played and sung on that occasion was of a high order and exceedingly well done. Both schools benefited in many ways from the experience. Consequently, I hope that the practice of having such a concert will be continued.

Both the Orchestra and the Boys' Glee Club have given their services in a number of community affairs. On May 8th the latter organization appeared on the program of the Massachusetts Federated Music Clubs in Boston where its work elicited much favorable comment, and on October 20th, both of the organizations named above provided the music for the Needham Hour broadcast from Station WBSO.

We are making progress in our work in music. Personally, I feel that in the near future we shall have to enrich our Program of Studies by offering at least courses in music appreciation and harmony. Education for the proper use of leisure time, which in this machine age, is of tremendous importance, requires something of this nature of us.

Community Service

Some four years ago the school started the practice of distributing provisions and money to the needy of our community at Thanksgiving and Christmas through the agency of the Visiting Nurse Association. The response of the pupils to my request for donations has always been very gratifying, but this year, realizing that a greater need for such things existed than ever before, they were more generous with their offerings than at any previous time; consequently, many a needy family was supplied with the necessities for a real Thanksgiving and Christmas dinner.

Athletics

We have just closed one of the most successful years in all branches of athletics that the school has ever enjoyed. The number of pupils competing in the various sports was larger than ever before, the variety of games offered greater than in previous years, and the sportsmanship displayed by our representatives was always of a very high order. These things just don't happen. They are due to careful planning and thorough teaching on the part of the teachers entrusted with the work. They are to be commended on the results of their efforts.

Monday Morning Assemblies

Our Monday morning assemblies are a vital part of our school program. Those in charge of this feature of our work have made it a point to provide programs that were both entertaining and educational. Below is a partial list of some of the people who have appeared before the students during the school year.

Prof. Frederick W. Holmes, Northeastern University — "Why Study?"

Mr. Frank P. Morse, Supervisor of Secondary Education — "What I Ought To Get Out of a High School Education."

Prof. Newell C. Maynard, Tufts College — "The Value of a College Education."

Miss Wilkins, Boston University College Practical Arts and Letters — "Opportunities in the Field of Higher Education."

Dean Everett W. Lord, Boston University School of Business Administration — "Deciding What to Do."

Prof. Edward H. Eldridge, Director of Simmons College Secretarial School — "Requirements for Positions from the Standpoint of the Employer and the Placement Agency."

Mr. Alan Furber, Director of the Chandler School, "Careers for Girls."

Hon. Samuel H. Wragg, Senator for Norfolk and Middlesex District — "Opportunities in Public Life."

Mr. Harry Gardner, Director of Massachusetts Teacher Placement Bureau — "Teaching as a Profession."

Mr. Harry Thompson, Lawyer — "Law as a Profession."

Mrs. Moore, Representative of Katherine Gibbs Secretarial School — "The Work of a Private Secretary."

Mr. L. R. Talbot, Educational Field Agent of Massachusetts Audubon Society — "Birds of Needham."

Mr. Louis Williams, Lyceum Lecturer — Demonstration — "The Wonders of Science."

Mr. Elliott James, Lecturer — Liquid Air Demonstration.

School Library

Through the generosity of our Student Activity Association we were able to subscribe for a number of the best magazines for our library. It is well equipped with sets of books. What it needs now is a number of single volumes suitable as source books for high school work. A list of such books has been prepared by the teacher in charge, in co-operation with an authority on such matters from the State Department of

Education. I hope that it will be possible during the coming year to add many of the books listed to those already upon our shelves.

New Building

Our new building and grounds have attracted the attention and admiration of many visitors, particularly school men. Surely, the citizens of Needham have every reason to be proud of their new High School. There is no question in my mind but that it has served to advertise the Town in an even more favorable light, if that is possible, than ever before to the great number of people who pass through it.

Teaching Staff

Our splendid staff, with two exceptions, remains intact for the 1931–32 school year. Miss Reed, much to our regret, resigned in order to devote all of her time to creative writing; Miss Dodge, because of ill-health on the part of her mother, found it necessary to ask for a year's leave of absence. I take this opportunity to express to members of the faculty my appreciation of their faithfulness to duty and their loyalty to the school.

I am greatly indebted to you, Mr. Davis, for your wise counsel, and whole-hearted support in all matters pertaining to the best interests of the school. Please extend to the members of the School Committee my sincere thanks for all that they have done in behalf of the Needham Senior High School.

Respectfully submitted,

WILLIAM F. POLLARD,

Principal.

REPORT OF PRINCIPAL OF JUNIOR HIGH SCHOOL

January 2, 1932.

Mr. John C. Davis, Superintendent of Schools,
Needham, Mass.

My dear Mr. Davis: — The following constitutes my second annual report as Principal of the Junior High School since the plans of reorganization went into effect in the fall of 1930. I feel secure in making the statement that the change to the Junior-Senior High School program has been accomplished with as little friction and upheaval as in any community ever attempting the experiment. This is due in large measure to the sound judgment of the School Committee and Superintendent in following a policy of gradual readjustment to a program that might easily develop into an outline of study embracing frills and fancies rather than one of conservatism and a proper sense of values.

However, I feel the time is really ripe for a broadening of the program of studies, particularly in Grades Eight and Nine. There should be greater flexibility in Grade Eight and the elective group of studies therein should be increased. Junior High School Latin I or French should be introduced as exploratory courses for the language-minded, and more double periods of manual training and home economics for those best fitted to pursue a general or trades course. In Grade Nine mechanical drawing should be added next year to the elective group.

Facilities for more extensive forms of shop work are a real need and would direct the interest and usefulness of a certain per cent of the students who find purely academic subject matter a bore and a problem. The attempt to meet the problem of differentiation among pupils at the adolescent age is one of the primal functions of a Junior High School.

In connection with the program of studies a home work schedule is made up for all groups. Opportunity for make-up work exists in every department. Pupils do not always make those facts known at home and abroad. Any pupil paying reasonable attention to business and utilizing opportunities at hand stands a fair chance of progress and promotion.

The Junior High School has found a sphere of genuine helpfulness in the community and during the seasons of Thanksgiving, Christmas and at other times has been able to contribute its share toward those in need of a helping hand.

The athletic program is being maintained as in the past — football, basketball and baseball for the boys, and field hockey and basketball for the girls being the major sports. Keen interest is continued in the interclass sports and a program of "athletics for all" is being successfully carried out. The addition of full-time instructors in the physical education department is bound to prove beneficial.

American Education Week was observed again this year with marked interest upon the part of parents. Junior High School night was carried out under the direction of the student council. Three hundred twenty-two parents responded to the privilege of learning about the school and its work first hand.

The school library has developed into a valuable and essential feature of school life. The increased allotment of time has proved worth while. A larger room with augmented facilities for meeting present demands is a matter calling for immediate consideration. I wish to make recognition of the gifts of the New Century Club and Class of 1931 to the library — they helped to add many interesting volumes to the shelves.

Vocational and moral guidance has found its place in the program and reactions indicate the value of the work being done. The outcome should eventually be a full-time guidance

teacher and counselor, who will help direct and follow more closely the individual problems arising in school work and life.

The Art Department has correlated with the various other departments in a multiplicity of ways and splendid work is being accomplished by the pupils. Junior High students have been successful in a number of poster contests proving the calibre of instruction being given.

The school orchestra and chorus work of the school have advanced in a most satisfactory manner this year. The assemblies have been strengthened by the improvement attained in this special department. Among the special assemblies of the year deserving mention are those of Book Week, Thanksgiving, Christmas, and the series of four "Good Book Talks" given by Mr. John J. Cronan in co-operation with Miss Abbott of the Town library.

The cafeteria continues to offer wholesome foods, well served, at reasonable rates to the pupils. A balanced diet and sufficient quantity and quality of food is assured to all availing themselves of this service.

A feature seldom mentioned in a report of this nature is the janitor service. I wish to express my commendation of the *splendid* upkeep of the building under the direction of the two fine gentlemen assigned to our building.

Space does not permit of mention of the school paper, home room organizations, student council and numerous extra-curricular activities of the school. In closing, I wish to express my appreciation to the members of the School Committee, Mr. Davis, and the splendid corps of teachers whose co-operative and combined endeavors have made the writing of this report and its context possible.

Most respectfully submitted,

CLARENCE B. WASHBURN,

Principal.

REPORT OF PHYSICAL EDUCATION DIRECTOR

January 4, 1932.

Mr. John C. Davis, Superintendent of Schools
Needham, Mass.

Dear Sir: — I herewith submit the annual report of the Physical Education Department for the year 1931.

The Teaching Staff in Physical Education

Our department has had two new members added, a man for the boys and a woman for the girls. This increases our numbers to four full-time and three part-time physical education teachers.

Their duties are as follows:

In the Senior High School there are two full-time physical directors who teach and coach; and two teacher coaches.

In the Junior High School there are two full-time physical directors who teach and coach.

In the Elementary Schools the work is carried on by two senior high and one junior high physical director.

Curriculum

The curriculum is gradually being worked up to a graded basis from the first, clear through the senior year of high school. The work is so arranged that a pupil progresses

from the grades through junior and senior high school, taking up those activities which are adapted to his particular stage of development.

Equipment and Facilities

We have secured better facilities in the form of equipment and athletic fields for both indoor and outdoor activities which are essential to an adequate program of Physical and Health Education. Every school in Needham is equipped with some kind of athletic equipment. All but one of the elementary schools have ample playgrounds. The Junior High has a fair sized field adjacent to the gymnasium and another large athletic field close by. (Green's Field.)

The Senior High School has an ideal equipment. The boys have the use of Memorial Park for their athletic field through the kindness of the Park Trustees. The girls have their own athletic field. The gym at the Senior High School is so equipped that both the boys and girls can use it at the same time; which means that twice as many boys and girls can participate in after-school athletics than before.

Accomplishments

With these added facilities and the new teachers we have been able to carry on a much larger intramural program than before. We are promoting physical education and athletics for all rather than the few. We have been able to give more attention to the individual needs of the children in the grades.

Many children have been examined and found to have poor posture. In all such cases special exercises have been prescribed to correct the faulty posture of the individual. This is also followed up with individual work with the physical teacher.

As far as possible every Junior and Senior High boy and girl who is physically able has taken part in some athletic activity in the past school year.

Mr. Newbury, Principal of the Carter School, is to be commended for the intramural program he has organized in the Carter Grade School.

Aims and Objectives

The desire to win is not paramount. It is more important to have our boys and girls healthy. We shape our program to get health, sportsmanship and better physical fitness through purposeful activities with definite educational objectives.

Respectfully submitted,

PHILIP H. CLAXTON,

Physical Director.

REPORT OF INSTRUCTOR OF MANUAL ARTS

January 4, 1932.

Mr. John C. Davis, Superintendent of Schools,
Needham, Mass.

Dear Sir: — I herewith respectfully submit the annual report of the Senior High Manual Arts Department.

The regular routine of work was carried out; following to a large extent a course of study which has proven successful by past experience. This course of study includes woodworking, mechanical drawing and shop mathematics.

Woodworking Course

A. Construction of simple articles of furniture by hand processes.
B. Furniture repair.
C. Finishing discussed and practiced.
D. Wood-turning.
E. Instruction in machine operation.
F. Study of joinery.
G. Study of lumbering.
H. Cabinet making.

Mechanical Drawing

A. Lettering.
B. Geometric problems.
C. Planning furniture.
D. Inking and Tracing.
E. Orthographic projection.
F. Developments.
G. Isometric.
H. Perspective.
I. Machine Drawing.
J. Blueprinting.

Shop Mathematics includes general mathematics designed primarily to correlate with woodworking.

As the majority of our future citizens must work with their hands, and as men in every walk of life have occasion to use to good advantage knowledge gathered in a course of this type, it is evident that Manual Training has a well deserved place in our schools.

The Manual Arts Department feels justly proud of the work that it is doing. There is no question but what it compares very favorably with the grade of work done in other school departments.

In conclusion, I wish to express my thanks to all who have assisted the Department in any way.

Respectfully submitted,

ALFRED H. JOHNSON,
Manual Training Instructor.

REPORT OF INSTRUCTOR OF DOMESTIC SCIENCE

January 2, 1932.

Mr. John C. Davis, Superintendent of Schools,
Needham, Mass.

Dear Sir: — I herewith respectfully submit the annual report of the Senior High School Cafeteria for the year 1931.

The new Cafeteria, with its up-to-date equipment, has offered many advantages for the preparation of food in a more efficient and economical manner. The location of our Cafeteria makes it an attractive and healthful place for our students to enjoy their lunch period.

It is our aim to offer a well-balanced and varied luncheon menu at low cost, prepared from foods which are high in nutritive value, wholesome, hearty and easily digested.

The Cafeteria is not operated on a money-making basis, but is self-supporting, with the interest of the students wholly at heart, and a purpose to put the receipts therefrom into nutritive foods, such as milk, eggs and vitamin foods.

Our daily menu consists of a hot soup, a hearty dish consisting of meat, fish and vegetables, or meat substitutes, salads, three kinds of sandwiches, orange juice, milk, ice cream, puddings, a few sweets, such as simple cookies or homemade cakes, twice a week, and fresh fruits. The prices charged for food are five and ten cents. The following is a sample menu:

Vegetable Soup	.05
Baked Ham, Scalloped Potato	.10
Stuffed Prune and Cream Cheese Salad	.10
Chopped Egg Sandwich	.05
Bread and Butter Sandwich	.05
Peanut Butter Sandwich	.05
Orange Juice	.05
Milk	.05
Ice Cream	.05
Pineapple Supreme	.05
Fresh Fruit	.05

All groceries and provisions are of good quality, obtained from reliable concerns. Perishable foods are purchased daily.

In keeping with the spirit of holidays occurring during the school year, special menus are offered without increase in prices. Below is a sample Thanksgiving menu:

Tomato Soup	.05
Turkey Pie, Cranberry Jelly, Squash	.10
Bar Le Duc Salad	.10
Strawberry Jam Sandwich	.05
Bread and Butter Sandwich	.05
Lettuce Sandwich	.05

Orange Juice	.05
Milk	.05
Ice Cream	.05
Thanksgiving Pudding	.05
Cakes	.05
Cookies	.05
Fresh Fruit	.05

I feel that it would be of interest to you and to members of the School Committee to know that our modern Cafeteria has been visited, studied and inspected by various food authorities and school representatives from different parts of the State and has received very favorable comments.

This part of our school plant is open for inspection at any time during the school day. We feel it is a pleasure and a privilege to welcome anyone interested in visiting our Cafeteria and would enjoy having them see it in operation. The public is also invited at any time to see copies of the daily menus which are filed in the office.

Respectfully submitted,
FLORENCE DUDLEY,
Cafeteria Manager.

TOWN OF NEEDHAM

REPORT

OF THE

FINANCE COMMITTEE

TO THE TOWN

AT THE

ANNUAL MEETING, MARCH 16, 1931

ELECTION, MARCH 9
BUSINESS MEETING, MARCH 16, AT 7.30 O'CLOCK

NEWTON
GARDEN CITY PRESS, Inc.
1931

REPORT OF FINANCE COMMITTEE

To the Voters of the Town of Needham:

It should be clear to the voters of Needham that the Town is now in a financial position that calls for the most careful scrutiny of every demand tending toward any increased expenditures, at least until our funded indebtedness has decreased somewhat, and until there is an improvement in general business conditions. The Finance Committee has studied the situation very thoroughly and we have come to the conclusion that the most strict economy should be followed in all our appropriations for this year and we feel every voter should become fully acquainted with these conditions through a careful consideration of the reports of the Town Treasurer and the Town Auditor, and also the report of the Public Welfare Department. Then if the voters think it better to disregard our recommendations, the Finance Committee will feel our duty has been performed as far as possible.

Our tax rate was increased last year to $33.00 per thousand. This would not be as serious perhaps were it not for the general decline in values of real estate on which a large part of our tax is levied. In making up our recommendations for the annual budget and for the special appropriations we have tried to keep from recommending anything that would increase the tax rate beyond what it is at the present time. Even though the voters do not go beyond our recommendations it is quite possible there will be a small increase owing to the decrease in the income of the Town from the income taxes, and decrease of new taxable property.

Within the last two years our funded debt has increased from about $650,000 to over $1,200,000 or nearly 100% increase. The annual payments for principal and interest required on this indebtedness will be about $150,000 for the next few years. This is more than 15% of the amount now raised by taxation. These annual payments cannot be avoided.

There is also a substantial increase in the amount called for in the maintenance of our new municipal buildings including heating, janitor service, repairs, insurance, etc. It also seems probable that the equipment for the new fire and police buildings will amount to a considerable sum; and though this is not called for at the present time, it will have to be provided before the year is over.

Another serious condition that should be considered is the demand upon our Public Welfare Department. This demand has practically doubled in the past year and will continue unless general business and unemployment conditions improve.

Though no doubt there are several worthy projects that the Town might at some future time find it practical to consider, the Finance Committee feel that the present is not the proper time.

We find that some of the Town departments have been over-running their appropriations and this is a practice that should be stopped. There are some instances in which it may become absolutely necessary to exceed appropriations but this should only happen in extreme emergencies and then only on the approval of either the Board of Selectmen or the Finance Committee.

One of the reasons why we recommend the postponement of any new takings or the purchase of land by the Town this present year and one which we consider very important is the price which it is proposed to have the Town pay. We feel it is about time some plan was adopted that would lessen the difference between the assessed value and the price to be paid. Either the Board of Assessors have greatly undervalued these properties or else the Town is asked to pay an exorbitant price. In either case it is unfair to other tax payers who are not so fortunate as to have land or property that it is proposed to acquire. In our recommendations under the different articles, we have shown the last assessed value of the land it is proposed to take.

We have been asked to approve increases in the salaries of some of the Town officers and employees, but except in those cases in which the Town has already made provision for automatic increases and for purposes of equalization we have withheld our approval as we feel that this question also should be postponed until employment conditions for many of our citizens are improved.

Our recommendations for the articles in the Warrant follow:—

RECOMMENDATIONS ON ARTICLES IN THE WARRANT

Article 4. To see what action the Town will take relative to unexpended balances and deficiencies of 1930.

Recommended: That all unexpended balances be returned to the Treasury.

The Finance Committee do not recommend the payment of deficiencies as they are incurred in violation of Section 31, Chapter 44 of General Laws.

"No department of any city or town, except Boston shall incur liability in excess of the appropriation made for the use of said department, except in cases of extreme emergency involving the health or safety of persons and property, and then only by vote in a city by two-thirds of the members of the City Council and in a town by a vote of two-thirds of the Selectmen."

Article 5. To see what disposition the Town will make of the money received from dog licenses.

Recommended: That this money, $1,342.05, be appropriated for the use of the Public Library.

Article 6. To see what sums of money the Town will appropriate for the necessary Town charges and expenses.

Recommended: That the following sums be appropriated:*

Article 7. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of revenue of the current financial year.

Recommended: That the substance of this article be adopted.

Article 8. To see what action the Town will take relative to the salaries of its Town officers.

Recommended: That the salaries of all elected Town officers except the Treasurer be the same as 1930.

Article 9. To see in what manner the Town will have its taxes Collected and fix the compensation therefor for the current year.

Recommended: That the Taxes be collected in the same manner as in 1930 and that the Compensation be at the same rate; namely, $\frac{1}{2}$ of 1% of the tax warrant, payable as and when collected, same to include all expenses except the Collector's bond.

* Unpaid bills, $271.15.

† Assessed valuation, 14 acres, $3,800.00 and $3,600.00 making total assessed valuation $7,400.00.

‡ Assessed valuation $2,000.00.

§ Assessed valuation $2,300.00.

Article 10. To see if the Town will vote to transfer $12,775 from the Sewer Assessment Reserve Fund to the Sewer Construction account to pay Sewer Construction Bonds, issues of 1929 and 1930 maturing in 1931; and to pay interest on Sewer Construction Bonds, issues of 1929 and 1930.

Recommended: That the substance of this article be adopted.

Article 11. To see if the Town will appropriate the sum of $1,172.36 to reimburse the Sewer Assessment Reserve Fund for uncollectible sewer assessments made in 1926 and 1930 against Town property, or pass any vote or votes relative thereto.

Recommended: That the substance of this article be adopted.

Article 12. To see if the Town will appropriate $10,000 for construction of particular sewers.

Recommended: That the substance of this article be adopted.

Article 13. To see if the Town will appropriate the sum of $36,000 for the purpose of extension of common sewers, and to meet said appropriation the sum of $6,000 be taken from the Sewer Assessment Reserve Fund, and authorize the Treasurer, with the approval of the Selectmen, to borrow $30,000 in accordance with Chapter 324 (1) of the Acts of 1928 and issue the notes or bonds of the Town therefor payable in accordance with General Laws Chapter 44, Section 19 and the acts in amendment thereto, so that the whole loan shall be paid in not more than ten years, or at such earlier date as the Selectmen may determine, or pass any vote or votes relative thereto.

Recommended: That the substance of this article be adopted.

Article 14. To see what sum of money the Town will appropriate as pay for a Petroleum Inspector.

Recommended: That the sum of $100.00 be appropriated as pay for a Petroleum Inspector, who shall be the Chief of the Fire Department.

Article 15. To see if the Town will appoint a committee to investigate the feasibility of establishing a swimming pool and also of establishing and maintaining an ice skating rink during the winter months, and report its findings not later than the 1932 Annual Town Meeting, or pass any vote or votes relative thereto.

Recommended: That the subject matter be referred to the Park Department.

Article 16. To see if the Town will appoint a committee to investigate the present or future needs of building an addition to the Town Hall, said committee to report not later than the 1932 Annual Town Meeting, or pass any vote or votes relative thereto.

Recommended: That the subject matter be referred to the Selectmen.

Article 17. To see what action the Town will take relative to the payment of fees to the Town by persons operating gasoline filling stations.

Recommended: That the subject matter be referred to the Selectmen.

Article 18. To see if the Town will authorize its Selectmen to act as the Town's attorneys-in-fact to release the interest of the Town in a legacy referred to in an instrument purporting to be the last will and testament of the late Arthur W. Walkup, or pass any vote or votes relative thereto.

Recommended: That the substance of this article be adopted.

Article 19. To see if the Town will appropriate twelve thousand, five hundred dollars ($12,500) to be paid as damage awards for the taking, by eminent domain proceedings, 12.9 acres of land more or less, to increase and protect the Town's water supply, said land being bounded generally northerly by Great Plain Avenue, southerly by Charles River and land now or formerly of Irving, and westerly by said Irving land and land now or formerly of Appleby and by Hamlin Lane, or pass any vote or votes relative thereto.

Article 20. To see if the Town will appropriate sixteen thousand, six hundred and fifty-six dollars and twenty-one cents ($16,656.21) to reimburse the Water Department for money spent in 1930 and 1931 in increasing and protecting its water supply, or pass any vote or votes relative thereto.

The Finance Committee makes no recommendation on Articles 19 and 20 as the Water Board has already taken the land by eminent domain and incurred the expenses.

Article 21. To see if the Town will authorize the Water Commissioners to extend the water main, under a 6% ten-year guarantee, in Stockdale Road (so-called), Mayflower Road (so-called), and that part of Alden Road (so-called), which connects said Stockdale and Mayflower Roads, and appropriate money therefor, or pass any vote or votes relative thereto.

Recommended: That the substance of this article be adopted if paid back from Water earnings.

Article 22. To see if the Town will appropriate forty-two hundred dollars ($4,200) for the purpose of extending its water main through Hillcrest Road from Great Plain Avenue to Wendling Road, or pass any vote or votes relative thereto.

Recommended: That the substance of this article be adopted if paid back from Water earnings.

Article 23. To see if the Town will vote to authorize the Assessors to use the free cash in the treasury, to an amount not exceeding fifty thousand dollars ($50,000) to meet appropriation made under articles of the warrant for this meeting.

Recommended: That the substance of this article be adopted.

Article 24. To see if the Town will vote to authorize and direct its Selectmen to take by purchase or eminent domain proceedings for a Municipal purpose, to wit, for school purposes a certain parcel of land containing 47,150 square feet bounded generally on the north by land now or formerly of Richwagen and land now or formerly of Nichols, on the east by land now or formerly of Needham Real Estate Associates, on the south by land of the Town of Needham, and on the west by land of the Town of Needham together with the fee in a 40-foot wide passage way leading from the above described land northerly to Rosemary Street and appropriate the sum of ten thousand dollars ($10,000), therefor, or pass any vote or votes relative thereto.

Recommended: That this article be dismissed. The Finance Committee believes that this item should be deferred to another year. We find the assessed value of this land to be $2,000.

Article 25. To see if the Town will authorize its Selectmen to transfer without money consideration all right title and interest which the Town may have in and to a certain parcel of land 40 foot wide running northwesterly from the present High School land on Richwagen Hill, along Memorial Park and land now or formerly of Thorpe to Rosemary Street

reserving, however, unto the Town the right to use said parcel for all purposes common to streets or ways, or pass any vote or votes relative thereto.

The Finance Committee does not make recommendations on reports of Special Committees.

Article 26. To see if the Town will authorize and direct its Selectmen to purchase or take by eminent domain proceedings for a Municipal purpose, to wit, for a hospital, a certain parcel of land containing by estimation about 19 acres with the buildings thereon, said land being bounded generally as follows: northerly by land of Carter bordering on Hoover Road and by land of the Town of Needham, easterly by land of Carter bordering on Tower Avenue, southerly by land of Carter bordering on Lindbergh Avenue, and westerly by land now or formerly of Blades bordering Manning Street, all as shown on a plan of Ryan's Hill on file with the Town Engineer, and appropriate the sum of twenty-five thousand dollars ($25,000), therefor, or pass any vote or votes relative thereto.

Recommended: That this article be dismissed. We find the assessed value of this land to be not over $2,300.

Article 27. To see if the Town will accept Hillcrest Road from Bird's Hill Avenue to Great Plain Avenue under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk, and raise and appropriate the sum of $10,000 for said construction.

Recommended: That the substance of this article be adopted.

Article 28. To see if the Town will accept Coulton Park as a Town Way from Harris Avenue to New York, New Haven and Hartford Railroad location under the provisions of law authorizing the assessment of betterments as laid out by the Selectmen and according to a plan on file with the Town Clerk, and raise and appropriate the sum of eight thousand, seven hundred and forty-five dollars ($8,745), for said construction.

Recommended: That the substance of this article be adopted.

Article 29. To see if the Town will authorize and direct its Board of Park Commissioners to take by purchase or eminent domain proceedings for a municipal purpose, to wit, for a public park a certain parcel of land containing approximately 19,620 square feet, as shown and marked "Coulton Park" on a plan on file with the Norfolk Country Registry of Deeds, plan book 70 plan 3360 and appropriate the sum of five dollars ($5.00) therefor, or pass any vote or votes relative thereto.

Recommended: That this article be dismissed.

Article 30. To see if the Town will raise and appropriate the sum of fifteen thousand dollars ($15,000), for the construction of Great Plain Avenue from the railroad bridge at Bird's Hill Station to the Dedham line as laid out by the Norfolk County Commissioners, provided the County of Norfolk and the Department of Public Works division of Highways each allot the sum of fifteen thousand dollars ($15,000), for said construction, or take any action relative thereto.

Recommended: That the substance of this article be adopted.

Article 31. To see if the Town will appropriate the sum of five thousand dollars ($5,000), for the purpose of grading (and building the approach) to the new fire and police station now being constructed on the Chestnut Street location and authorize the Fire and Police Station Building Committee to expend the same.

Recommended: That the substance of this article be adopted.

Article 32. To see if the Town will authorize the Selectmen to install two street lights on Oakhurst Circle, on petition of John R. Blake and others.

Article 33. To see if the Town will authorize its Selectmen to install three street lights on Grant Street Extension, on petition of H. L. Dodge.

Article 34. To see if the Town will authorize its Selectmen to install two street lights on Henderson Street, on petition of E. L. Wainwright and others.

Article 35. To see if the Town will authorize its Selectmen to install one street light on Holland Street, on petition of James Forsyth and others.

Recommended: That the Selectmen be authorized to install lights on these streets in accordance with their judgment and previous practice.

Article 36. To see if the Town will vote to instruct the Moderator to appoint a committee of five to report at the next Town Meeting on the advisability of increasing the membership of the Board of Selectmen to five, and to define their terms of office or pass any vote or votes relative thereto, upon petition of the Planning Board.

Recommended: That the substance of this article be adopted provided that the Committee investigate the entire system of Town government.

Article 37. To see if the Town will vote to accept and maintain the street lights already installed on Greendale Avenue, High Street, Tower Street, Lexington Avenue and Bennington Street, subject to the provisions of General Laws and the amendments thereto or pass any vote or votes relative thereto on petition of William H. Carter.

Recommended: That the Town accept and maintain such proportion of lights as in accordance with its general practice.

Article 38. To see if the Town will vote to appoint a Committee who shall have full authority to investigate all matters pertaining to the water system of the Town, including sources of the present water supply and possible future sources; also the advisability and cost of entering the Metropolitan Water System; the Committee to report with any recommendations on or before the next annual meeting of the Town; and to appropriate such sum of money not exceeding fifteen hundred dollars ($1,500), as may seem necessary for the expense of such investigation; or pass any vote or votes regarding the water system of the Town as may seem advisable.

Recommended: That the substance of this article be adopted without any appropriation.

Article 39. To see if the Town will accept General Laws Chapter 40 Section 13, which relates to the establishment of a Municipal Buildings Insurance Fund, on petition of the Town Treasurer.

Recommended: That this article be dismissed.

Article 40. To see what sum of money the Town will appropriate to pay such additional damages as may be ordered by the Norfolk County Commissioners for land taken by said Commissioners in 1930 for the relocation of South Street.

Recommended: That the sum of $750 be appropriated.

Article 41. To see if the Town will authorize its Selectmen to expend any unexpended balance of the appropriation for the South Street Bridge, over the Charles River to Dover, made under Article 11 of the warrant for the 1930 Annual Town Meeting, for the purpose of constructing a portion of South Street as laid out by the Norfolk County Commissioners, provided said Commissioners and the Department of Public Works each allot or

expend therefor, an amount equal to said unexpended balance, or take any vote or votes relative thereto.

Recommended: That the substance of this article be adopted.

Article 42. To see if the Town will vote to adopt the following by-law:

The tree warden shall not cut down or remove or grant a permit for the cutting down or removal of a public shade tree or trees if, at or before a public hearing as now required by State Law, objection in writing is made to the tree warden, signed by twenty-five or more legal voters of the Town and an article shall be placed in the warrant of the next town meeting to determine what action shall be taken regarding the cutting or removal of said tree or trees, on petition of J. Walter Schirmer and others.

Recommended: That this article be dismissed. The Finance Committee believes that the matter is fully covered by General Laws.

Article 43. To see if the Town will authorize the Selectmen to install one street light on Fairfield Street on petition of Willard E. Doane and others.

Article 44. To see if the Town will authorize the Selectmen to install one street light on Miller Street, on petition of Edward L. Wainwright and others.

Recommended: That the Selectmen be authorized to install lights on these streets in accordance with their judgment and previous practice.

Article 45. To see what sum of money the Town will appropriate to pay a bill of George W. Southworth for advertising and printing the Town Building By-Laws.

Recommended: That the subject matter be referred to the Selectmen.

Article 46. To see what sum of money the Town will appropriate for rent for temporary quarters for the Board of Health and for the expense of moving its equipment to such quarters.

Recommended: That the sum of $700 be appropriated.

Article 47. To see if the Town will accept as a Town Way, Fair Oaks Park (so-called) from Harris Avenue to Dedham Avenue as laid out by the Selectmen and according to a plan on file with the Town Clerk and raise and appropriate the sum of eight hundred dollars ($800), for said construction.

Recommended: That the substance of this article be adopted.

Article 48. To see if the Town will vote to have the reports of its officers, and the proceedings of this and subsequent Town Meetings printed and distributed, or pass any vote or votes relative thereto.

Recommended: That 1,000 copies of these reports be printed.
